ANTIOCH, ILLINOIS, THURSDAY, JUNE 15, 1967

VOL. LXXXI, NUMBER 51

No, it doesn't look quite like this around Antioch—yet. But if the big rains don't stop, we may see this scene repeated, or something like it. This picture was taken in the spring of 1960, when flooded conditions prevailed in many areas around the lakes.

High Water Damages Property In Area

Antioch, along with most of the Midwest, has been plagued by heavy rains, tornado warnings and severe thunderstorms for the past week.

The rains dumped 3.7 inches of water on Antioch in three days, Saturday, Sunday and Monday—according to weather reporter Roy Kufalk. Monday was the heaviest downpour—1.11 inches. Saturday the rain measured 1.8 inches and Sunday, .79.

Tuesday was the last day

of weather reporting for Roy Kufalk. After 26 years of measuring rain and snow and reporting temperatures, Roy decided that his vocation tied him down too much to fit into his retirement plans, and resigned. State officials picked up the equipment Wednesday morning. "It looks strange not to see the equipment in the yard," Ida Kufalk, Roy's wife, said. "Roy's away on a fishing trip, but I know he'll miss it, too."

The heavy rains of the last

week have caused flooding throughout the area. Many piers were reported smashed by the high water and heavy winds. Boats also suffered. Tied down to piers in the rising water, some sank. Harry Stern reported from Indian Point Monday that there were seven piers smashed and four floating loose in the lake. The water is over the sea walls and over the piers in most of the lakes.

Lake Channel homes are suffering from the high water, too. Water is rising over sea walls and piers, and

(continued on page 5)

Summer School Starts At ACHS

Summer school classes at Antioch Community High School begin Thursday, June 22, and the final registration date is Tuesday, June 20. No student may enter class later than Monday, June 26. Summer school will run until August 4, with no school on July 3 and 4.

Students may enroll in a maximum of two semester courses. For each accredited subject carried successfully, a student will earn 1/2 unit of credit, the equivalent of one semester's work in that subject.

Classes will run for 120 minutes a day and there will be two such class periods. Period I runs from 8 to 10 a.m.; Period II from 10:10 a.m. to 12:10 p.m. Attendance at all sessions is mandatory and a student may be dropped after two absences. All time missed must be made up hour for hour to meet North Central Association standards. Rules and regulations of the regular

school year will be in effect. Students who normally attend other high schools must have the approval of their schools in writing on the registration form.

Pre-high school students should sign up only for non-credit subjects for the purpose of improving their subject matter background and skills. Credit will be given post-eighth graders for Personal Typing, General Math, or General Science, if requested.

Early enrollment is important, according to school officials, as some courses are cancelled even before the opening of summer school if there is insufficient registration.

The Special reading and language arts program is limited to those incoming Freshmen who have been selected by the Guidance Department.

Anyone wishing further information can contact the high school office weekdays from 8 a.m. to 4 p.m.

Shot By Burglar, Reported Improving

Winsor Dalgard, now out of intensive care and reported improving, was moved to Hines Hospital Tuesday by ambulance. Mrs. Dalgard said the move was made on the advice of Dr. Stanhill, the attending physician. Plastic surgery will be required to repair the effects of the gunshot wound in his jaw, Mrs. Dalgard said, and Hines Hospital has more extensive facilities for this type of treatment.

Dalgard was shot in the jaw early Monday morning (June 12) outside his store, Dalgard's Certified (IGA) Supermarket at Lake Villa. "Nobody knows just how it happened," Mrs. Dalgard said, "because Winsor hasn't been able to talk enough to tell us. I asked him if he

went inside the store and he said, 'No.' And he said, 'I couldn't shoot the man.' That is all he's said to me."

Dalgard evidently surprised a burglar fleeing from his store. The burglar alarm which is connected to his home, sounded at about 4:45 a.m. Monday.

Dalgard called sheriff's deputies, then started to walk around the store to the front. He had a gun. Mrs. Dalgard said she didn't hear any shots.

Chief Deputy Sheriff Jake Repp said that Dalgard told them that he saw a man outside the store and fired a shot over his head. "The man had just come out the door of the store, he said. They tussled, and the man shot him. Residents of nearby homes reported hearing the shots, the sheriff's office said, saw someone lying on the ground and called the Rescue Squad.

Mrs. Dalgard reported that she saw a man running toward the nearby Methodist Church shortly after Dalgard left the house.

The bullet entered the left

Robert Mitchell

Bruce Muir

The weather stayed fair for the graduation exercises, so it was not necessary to move the affair into the gym.

Top Scholars In Class Of 1967

Robert J. Mitchell, 315 Maplewood Drive, Antioch, is valedictorian of the Class of 1967 at Antioch Community High School. Bruce Robert Muir, Rt. 4, Box 9, Antioch, is salutatorian.

Mitchell carried a grade average of 4.8787 of a possible 5.0, four years of high school to earn the top spot; Muir was a fraction behind him, with 4.8286.

Robert Mitchell is the son of Phillip Mitchell. His mother is deceased. He lives with his brother and sister-in-law, Mr. and Mrs. Dave Mitchell, in Antioch.

Bob was a member of the Spanish Honor Society for three years, and of the National Honor Society his senior year. He does not plan to go on to college.

Bruce Muir was a member of the National Honor Society in his junior and senior year; he played the clarinet in the Concert Band and in the Dance Band, and won the John Phillip Sousa award; he was vice president of the junior class, and was on his class Executive Board the first three years; a member of the Spanish Honor Society; was on the Golf team for four years, and a member of the A Club his junior and senior years.

Bruce won a scholarship to Trinity College at Hartford, Conn., where he plans to study government. He's rather indefinite at present about his eventual aim, but is considering the study of law.

The Class of 1967, numbering 197 graduates, received their diplomas last Thursday night in a program at the high school football field.

Antioch To Rent New Police Car

The Antioch village board has decided to try renting a police car rather than purchasing a new one at last Wednesday night's meeting of the board.

The board accepted the low bid of Ryons-Ryan Ford Sales of \$135 per month for a police car as per specifications provided by the board, on an 18-month contract.

Lyons-Ryan Ford will provide all maintenance service and license plates, while the

village will pay the cost of insurance.

The board had asked for bids on both the purchase and rental of a police car. Earl Stringer Dodge had bid \$3,697.40 for a Dodge Polara 4-door sedan, minus a trade-in of \$1,500 for the Oldsmobile. Stringer Motors did not submit a bid on rentals.

Pittman Pontiac offered a Pontiac Bonneville hardtop for rental at \$200 a month, with the village paying for

license and insurance and Pittman's assuming the cost of maintenance.

John Rohrer presented a plan for insurance coverage to the board. Insurance on village employees while answering a call for Mutual Aid in another town was included. The total cost of the insurance was \$3,160 per year. An insurance policy with Bernard Osmond insurance was also renewed, at a cost of \$150.

Legion To Entertain Wounded Vets

Starting Tuesday, June 20th and each Tuesday thereafter until late fall, Lake Region Post No. 703 of Fox Lake, will again entertain recently returned wounded Viet Nam Vets that are convalescing at the U. S. Naval Hospital at Great Lakes.

The planned recreation and entertainment for the Viet Nam Vets is identical to the program sponsored by the Lake Region Post last summer which was highly praised and successful. A total of 989 patients were guests of the Post in 1966. During the Korean conflict, the Post sponsored a similar program and a total of 1172 patients were their guests at that time.

The Lake Region Post facilities are ideal for a program of this kind. They have 685 feet of lake-front shore line with several piers jutting out from the shore, their own beautiful picnic grounds dotted with shade trees, barbeque pits and picnic tables plus their large Memorial building with complete modern kitchen facilities. A colored TV lounge, rooms for billiards, ping pong and an ideal hall for entertainment and dancing.

The program will consist of a bus-load of patients arriving around noon. First on the agenda would be fishing

from the piers for those that wish to. Equipment for this will be furnished by the post.

There will be motor boat rides during the late afternoon through various parts of the Chain O' Lakes. In the evening, there will be a "Cook Out DeLuxe" with all the trimmings prepared by the Ladies of the Auxiliary, followed by entertainment consisting of various floor show acts and dancing to a live orchestra. Young ladies from the area will be on hand under supervision of mothers from the Post to either visit or dance with the patients. The bus leaves at 10:00 p.m. on return trip to the hospital.

The Commanding Officer of the Hospital and his staff have commended the program "as a substantial contribution toward their work with the patients and this type of recreation went a long way in speeding the men on their way to recovery."

Harold Meyers, a Past Commander of the Post will again assume chairmanship. He stated some of the Boat clubs in the area have already volunteered their boats for rides to the Viet Nam Vets but more will be needed. He especially stressed

PARADE O.K.'d

The state Department of Highways gave approval to the closing of Route 83 (Main St.) for the Diamond Jubilee parade on August 6, from 1 to 3 p.m. The state specified that barriers must be placed at each closed intersection, and a police officer stationed there. The village assumes all expense of the closing.

Mayor Ray Toft read a letter from Grant Spong, Quaker Industries, expressing their appreciation for the installation of warning lights at the Ida St. crossing. Many workers at Quaker use the crossing daily.

RE-ZONING

The mayor and village clerk were authorized to sign an agreement with Charles and Theresa Keulman, setting forth conditions to be met under a change of zoning of property on N. Main St.

Re-zoning of the property from R-2 to R-5, multiple dwelling was approved. Provisions of the agreement were that complete architect's plans for the proposed apartment house be submitted; that provisions for proper drainage of the property be made; that the building now on the premises be removed and that two off-street parking spaces for each unit be provided.

At the request of Walter Delaney, building inspector, the board adopted a building code formulated by the Building Officials Conference of America. The village had previously used the Lake County code. The new code, Delaney said, is more complete.

After some discussion, permission was given Lake-Land Furniture to construct a one-foot canopy on the front of the building. The canopy will have a wooden frame, treated with asbestos paint, and asbestos shingles.

The board authorized Frank Angelotti to draw up plans for a sewage lagoon. The state had previously informed the board that the lagoon must be added.

Jr. College District Receives \$100,000

If Lake County decides to build a Junior College within the next three years, they will have a \$100,000 gift to help finance the project.

W. C. Petty, Lake County Superintendent of Schools, has announced receipt of a letter from the Esper A. Petersen Foundation in Skokie offering to donate \$100,000 to the college, if it becomes a reality within the next three years.

The letter from the Foundation says that, "In view of the interest that a large number of Lake County residents have shown for the establishment of a junior college, we feel that it may be proper at this time to let you know that we, too, think of our democratic society's responsibility to provide as far as possible college education to our youth, to the extent of each

person's ability."

"Therefore, if the residents of Lake County decide to build a junior college in Lake County, Ill., if and when such a college has become a reality within the next three years, this Foundation hereby commits itself to contribute \$100,000 to the college, to be used as such College's Board of Directors deems in the best interest of the college." The letter is signed by Esper A. Petersen, secretary.

There have been efforts to establish a Junior College District in Lake County for the past three years. The proposition was once defeated in a vote of the people. At that time, the boundaries of the proposed junior college district included the high school districts of Lake Forest, Barrington, Highland

Park and Adlai Stevenson. These communities had expressed opposition to the plan.

The second petition to the Junior College Board for a referendum was denied. A third petition was presented to the Board and a decision is expected on July 14.

The present petition omits the dissenting communities from the junior college district. Dr. Petty said that a favorable decision by the Junior College Board is expected and that a date to vote on forming a district will then be set. "We still have plenty of assessed valuation and tax income to support a district, even with the dissenting districts omitted," Petty said. "The news of the \$100,000 gift is good news for the district."

WIN A BIKE!

Kids, here's your chance to earn that new bike you've been wanting.

The Antioch News will give you a bicycle for getting 12 people to subscribe to the paper for a year. The subscriptions cost \$3 a year.

The subscriptions must be from someone who is not now a subscriber to our paper. However, if a new subscriber wishes to take the paper for two years, it will count as two subscriptions.

You have your choice of two different bikes, either boys' or girls' styles. The bikes are on display at the Antioch News office. Come in, sign up, and find out how easy it is to earn a new bike.

Band Ready For Trip

Saturday, June 24, is the big day that Antioch Grade School children have been looking forward to, and working for, so long—the day that the Antioch Grade School Band leaves for a trip to Expo 67.

Sixty-six youngsters, accompanied by 14 adults, will make the trip. They'll travel on two buses, accompanied by a couple of cars and a truck, for luggage, etc.

The Band was invited to play at Expo 67 some months ago. Since then, the Band Parents Association has worked unceasingly to raise money to finance the trip.

The latest fund raising effort was the Band's annual Tag Day last Saturday. Des-

pite the fact that their efforts were disrupted by the storm and tornado alert, "We did real good," said Chester Golonka, president of the Band Parents Association. "We collected \$536. We have reached our goal and have a little extra for emergencies."

It is expected that the band will reach Expo 67 late Sunday or early Monday, Tuesday, June 27, they will play two concerts at the Fair, one at 1:30 p.m. and one at 6:30 p.m.

Then, under present plans, the Antioch group will spend two days seeing the Fair, probably starting home Friday, June 30.

The First National Bank of Antioch presented Mr. Golonka with passes to admit each of the Antioch group to the Fair one day.

George Olisar, Director of the Antioch Grade School Band, will accompany the group and direct the band in its concerts.

The First National Bank of Antioch presented Mr. Golonka with passes to admit each of the Antioch group to the Fair one day.

George Olisar, Director of the Antioch Grade School Band, will accompany the group and direct the band in its concerts.

The Antioch Grade School will start its first Headstart program next Monday, June 19, with Mrs. Alice Brown, the kindergarten teacher at the school, in charge of the program.

Superintendent Richard Whitacre said that there is room for about ten more children in the class, and urged parents with eligible children to call or visit the school to register.

Socially underprivileged children from low income families, who are five years old and eligible to enter kindergarten this fall, may be enrolled in the program. It is a pre-kindergarten program, designed to help the child adjust to getting along with other children and to get used to the change from home surroundings to school.

The boundaries of the area served by Antioch's Headstart program run from Route 41 on the east to McHenry County line on the west; also from the Wisconsin line on the north to take

in the area served by the Antioch School to the south, but includes Emmons school district.

Anyone wishing to register their child or wanting information on the program may call or visit either the Antioch Grade School or Oakland School. Harold Romaine, principal of Oakland School, is in charge of the program. Both schools are open from 8 a.m. to 4 p.m., Monday through Friday.

The children will be picked up and returned home by bus. They will be at the school from about 9 a.m. to 1 p.m., and will be served lunch. In addition to the program at the school, the children will be taken on excursions.

There is room for about 16 students in the program, and seven are already enrolled, Supt. Whitacre said. The program will be in operation for eight weeks.

The Headstart program is financed by the Federal government.

Chester Golonka, (left) president of the Band Parents Association receives passports to Expo '67, from Dale Starkey, cashier at the First National Bank. The bank presented passes to the Fair to all Antioch students and adults accompanying them on their trip to the Fair.

Summer School Starts At ACHS

Summer school classes at Antioch Community High School begin Thursday, June 22, and the final registration date is Tuesday, June 20. No student may enter class later than Monday, June 26. Summer school will run until August 4, with no school on July 3 and 4.

Students may enroll in a maximum of two semester courses. For each accredited subject carried successfully, a student will earn 1/2 unit of credit, the equivalent of one semester's work in that subject.

Classes will run for 120 minutes a day and there will be two such class periods. Period I runs from 8 to 10 a.m.; Period II from 10:10 a.m. to 12:10 p.m. Attendance at all sessions is mandatory and a student may be dropped after two absences. All time missed must be made up hour for hour to meet North Central Association standards. Rules and regulations of the regular

school year will be in effect. Students who normally attend other high schools must have the approval of their schools in writing on the registration form.

Pre-high school students should sign up only for non-credit subjects for the purpose of improving their subject matter background and skills. Credit will be given post-eighth graders for Personal Typing, General Math, or General Science, if requested.

Early enrollment is important, according to school officials, as some courses are cancelled even before the opening of summer school if there is insufficient registration.

The Special reading and language arts program is limited to those incoming Freshmen who have been selected by the Guidance Department.

Anyone wishing further information can contact the high school office weekdays from 8 a.m. to 4 p.m.

Shot By Burglar, Reported Improving

Winsor Dalgaard, now out of intensive care and reported improving, was moved to Hines Hospital Tuesday by ambulance. Mrs. Dalgaard said the move was made on the advice of Dr. Stamill, the attending physician. Plastic surgery will be required to repair the effects of the gunshot wound in his jaw, Mrs. Dalgaard said, and Hines Hospital has more extensive facilities for this type of treatment.

Dalgaard was shot in the jaw early Monday morning (June 12) outside his store, Dalgaard's Certified (IGA) Supermarket at Lake Villa. "Nobody knows just how it happened," Mrs. Dalgaard said, "because Winsor hasn't been able to talk enough to tell us. I asked him if he

went inside the store and he said, 'No.' And he said, 'I couldn't shoot the man. That is all he's said to me.'"

Dalgaard evidently surprised a burglar fleeing from his store. The burglar alarm which is connected to his home, sounded at about 4:45 a.m. Monday.

Dalgaard called sheriff's deputies, then started to walk around the store to the front. He had a gun. Mrs. Dalgaard said she didn't hear any shots.

Chief Deputy Sheriff Jake Repp said that Dalgaard told them that he saw a man outside the store, and fired a shot over his head. The man had just come out the door of the store, he said. They tussled, and the man shot him. Residents of nearby homes reported hearing the shots, the sheriff's office said, saw someone lying on the ground and called the Rescue Squad.

Mrs. Dalgaard reported that she saw a man running toward the nearby Methodist Church shortly after Dalgaard left the house.

The bullet entered the left

side of Dalgaard's jaw and lodged on the right side of his head, just below the ear. The bullet has not yet been removed. Dalgaard was in (continued on page 3)

Top Scholars In Class Of 1967

Robert J. Mitchell, 315 Maplewood Drive, Antioch, is valedictorian of the Class of 1967 at Antioch Community High School. Bruce Robert Muir, Rt. 4, Box 9, Antioch, is salutatorian.

Mitchell carried a grade average of 4.8787 of a possible 5.0, four years of high school to earn the top spot; Muir was a fraction behind him, with 4.8286.

Robert Mitchell is the son of Phillip Mitchell. His mother is deceased. He lives with his brother and sister-in-law, Mr. and Mrs. Dave Mitchell, in Antioch.

Antioch To Rent New Police Car

The Antioch village board has decided to try renting a police car rather than purchase a new one at last Wednesday night's meeting of the board.

The board accepted the low bid of Ryons-Ryan Ford Sales of \$135 per month for a police car as per specifications provided by the board, on an 18-month contract.

Lyons-Ryan Ford will provide all maintenance service and license plates, while the

village will pay the cost of insurance.

The board had asked for bids on both the purchase and rental of a police car. Earl Stringer Dodge had bid \$3,097.40 for a Dodge Polara 4-door sedan, minus a trade-in of \$1,500 for the Oldsmobile. Stringer Motors did not submit a bid on rentals.

Pittman Pontiac offered a Pontiac Bonneville hardtop for rental at \$200 a month, with the village paying for

license and insurance and Pittman's assuming the cost of maintenance.

John Ronier presented a plan for insurance coverage to the board. Insurance on village employees while answering a call for Mutual Aid in another town was included. The total cost of the insurance was \$3,160 per year. An insurance policy with Bernard Osmond insurance was also renewed, at a cost of \$150.

Legion To Entertain Wounded Vets

Starting Tuesday, June 20th and each Tuesday thereafter until late fall, Lake Region Post No. 703 of Fox Lake, will again entertain recently returned wounded Viet Nam Vets that are convalescing at the U. S. Naval Hospital at Great Lakes.

The planned recreation and entertainment for the Viet Nam Vets is identical to the program sponsored by the Lake Region Post last summer which was highly praised and successful. A total of 989 patients were guests of the Post in 1966. During the Korean conflict, the Post sponsored a similar program and a total of 1172 patients were their guests at that time.

The Lake Region Post facilities are ideal for a program of this kind. They have 605 feet of lake-front shoreline with several piers jutting out from the shore, their own beautiful picnic grounds dotted with shade trees, barbecue pits and picnic tables plus their large Memorial building with complete modern kitchen facilities. A colored TV lounge, rooms for billiards, ping pong and an ideal hall for entertainment and dancing.

The program will consist of a bus-load of patients arriving around noon. First on the agenda would be fishing

from the piers for those that wish to. Equipment for this will be furnished by the post.

There will be motor boat rides during the late afternoon through various parts of the Chain O' Lakes. In the evening, there will be a "Cook Out DeLuxe" with all the trimmings prepared by the Ladies of the Auxiliary, followed by entertainment consisting of various floor show acts and dancing to a live orchestra. Young ladies from the area will be on hand under supervision of mothers from the Post to either visit or dance with the patients. The bus leaves at 10:00 p.m. on return trip to the hospital.

The Commanding Officer of the Hospital and his staff have commended the program "as a substantial contribution toward their work with the patients and this type of recreation went a long way in speeding the men on their way to recovery."

Harold Meyers, a Past Commander of the Post will again assume chairmanship. He stated some of the Boat clubs in the area have already volunteered their boats for rides to the Viet Nam Vets but more will be needed. He especially stressed (continued on page 3)

PARADE O.K.'d
The state Department of Highways gave approval to the closing of Route 83 (Main St.) for the Diamond Jubilee parade on August 6, from 1 to 3 p.m. The state specified that barriers must be placed at each closed intersection, and a police officer stationed there. The village assumes all expense of the closing.

Mayor Ray Toft read a letter from Grant Spong, Quaker Industries, expressing their appreciation for the installation of warning lights at the Ida St. crossing. Many workers at Quaker use the crossing daily.

RE-ZONING
The mayor and village clerk were authorized to sign an agreement with Charles and Theresa Keulman, setting forth conditions to be met under a change of zoning of property on N. Main St.

Re-zoning of the property from R-2 to R-5, multiple dwelling was approved. Provisions of the agreement were that complete architect's plans for the proposed apartment house be submitted; that provisions for proper drainage of the property be made; that the building now on the premises be removed and that two off-street parking spaces for each unit be provided.

At the request of Walter Delaney, building inspector, the board adopted a building code formulated by the Building Officials Conference of America. The village had previously used the Lake County code. The new code, Delaney said, is more complete.

After some discussion, permission was given Lake-Land Furniture to construct a one-foot canopy on the front of the building. The canopy will have a wooden frame, treated with asbestos paint, and asbestos shingles.

The board authorized Frank Angelotti to draw up plans for a sewage lagoon. The state had previously informed the board that the lagoon must be added.

Jr. College District Receives \$100,000

If Lake County decides to build a Junior College within the next three years, they will have a \$100,000 gift to help finance the project.

W. C. Petty, Lake County Superintendent of Schools, has announced receipt of a letter from the Esper A. Petersen Foundation in Skokie offering to donate \$100,000 to the college, if it becomes a reality within the next three years.

The letter from the Foundation says that, "In view of the interest that a large number of Lake County residents have shown for the establishment of a junior college, we feel that it may be proper at this time to let you know that we, too, think of our democratic society's responsibility to provide as far as possible college education to our youth, to the extent of each

person's ability." "Therefore, if the residents of Lake County decide to build a junior college in Lake County, Ill., if and when such a college has become a reality within the next three years, this Foundation hereby commits itself to contribute \$100,000 to the college, to be used as such College's Board of Directors deems in the best interest of the college." The letter is signed by Esper A. Petersen, secretary.

There have been efforts to establish a Junior College District in Lake County for the past three years. The proposition was once defeated in a vote of the people. At that time, the boundaries of the proposed junior college district included the high school districts of Lake Forest, Barrington, Highland

Park and Adlai Stevenson. These communities had expressed opposition to the plan.

The second petition to the Junior College Board for a referendum was denied. A third petition was presented to the Board and a decision is expected on July 14.

The present petition omits the dissenting communities from the junior college district. Dr. Petty said that a favorable decision by the Junior College Board is expected and that a date to vote on forming a district will then be set. "We still have plenty of assessed valuation and tax income to support a district, even with the dissenting districts omitted," Petty said. "The news of the \$100,000 gift is good news for the district."

WIN A BIKE!

Kids, here's your chance to earn that new bike you've been wanting.

The Antioch News will give you a bicycle for getting 12 people to subscribe to the paper for a year. The subscriptions cost \$3 a year.

The subscriptions must be from someone who is not now a subscriber to our paper. However, if a new subscriber wishes to take the paper for two years, it will count as two subscriptions.

The Band was invited to play at Expo 67 some months ago. Since then, the Band Parents Association has worked unceasingly to raise money to finance the trip.

The latest fund raising effort was the Band's annual Tag Day last Saturday. Des-

pite the fact that their efforts were disrupted by the storm and tornado alert, "We did real good," said Chester Golonka, president of the Band Parents Association. "We collected \$536. We have reached our goal and have a little extra for emergencies."

It is expected that the band will reach Expo 67 late Sunday or early Monday, Tuesday, June 27, they will play two concerts at the Fair, one at 1:30 p.m. and one at 6:30 p.m.

Then, under present plans, the Antioch group will spend two days seeing the Fair, probably starting home Fri-

day, June 30. The First National Bank of Antioch presented Mr. Golonka with passes to admit each of the Antioch group to the Fair one day.

George Olisar, Director of the Antioch Grade School Band, will accompany the group and direct the band in its concerts.

Register Tots For Headstart Program

Antioch Grade School will start its first Headstart program next Monday, June 19, with Mrs. Alice Brown, the kindergarten teacher at the school, in charge of the program.

Superintendent Richard Whitacre said that there is room for about ten more children in the class, and urged parents with eligible children to call or visit the school to register.

Socially underprivileged children from low income families, who are five years old and eligible to enter kindergarten this fall, may be enrolled in the program. It is a pre-kindergarten program, designed to help the child adjust to getting along with other children and to get used to the change from home surroundings to school.

The boundaries of the area served by Antioch's Headstart program run from Route 41 on the east to McHenry County line on the west; also from the Wisconsin line on the north to Lake

in the area served by the Antioch School to the south, but includes Emmons school district.

Anyone wishing to register their child or wanting information on the program may call or visit either the Antioch Grade School or Oakland School. Harold Romaine, principal of Oakland School, is in charge of the program. Both schools are open from 8 a.m. to 4 p.m., Monday through Friday.

The children will be picked up and returned home by bus. They will be at the school from about 9 a.m. to 1 p.m., and will be served lunch. In addition to the program at the school, the children will be taken on excursions.

There is room for about 16 students in the program, and seven are already enrolled. Supt. Whitacre said. The program will be in operation for eight weeks.

The Headstart program is financed by the Federal government.

Chester Golonka, (left) president of the Band Parents Association receives passports to Expo '67, from Dale Starkay, cashier at the First National Bank. The bank presented passes to the Fair to all Antioch students and adults accompanying them on their trip to the Fair.

EDITORIAL

Take Cover!

It would be impossible to praise too highly the quick and efficient action taken by all the Antioch departments and organizations concerned in the safety of the general public during the tornado alert last Saturday in Antioch.

Civil Defense Director Ed Frazier, radio dispatcher Viv Mapletorpe, the Antioch Police, the Rescue Squad, the Antioch Fire Department, all moved promptly and with decision to try to make sure that if a twister should touch the village, injuries would be kept to a minimum.

On the whole, the general public co-operated. However, the police had to cope with a few impatient people who prefer to ignore warnings and proceed with business as usual.

When the tornado alert warnings came over the police radio, the dispatcher contacted Civil Defense Director Ed Frazier. Unable to locate the Mayor, Frazier issued the order to blow the siren.

Some shoppers ignored the first warnings of the siren. It was blown again, and people headed for nearby buildings for protection.

Urged on by the police, the streets were soon cleared of people. A few people grew bored with waiting for the All Clear and attempted to leave, but the police politely but firmly sent them back to shelter.

This was Antioch's first real test of the siren and the procedure to be followed in case of a warning of this kind. And the surprising and comforting thing is that no details seem to have been neglected.

Youngsters who were swimming at the Antioch Pool were picked up by Police Chief Harold Mason and brought to the Antioch Police Station, where the Chief's daughter took over as "baby sitter" for the group.

Members of the Antioch Grade School Band were on the street taking donations for their annual Tag Day. Businessmen in the area where they were located saw to it that they took shelter.

The Antioch Rescue Squad stood by till the danger was over, and with the police squad cars patrolling the street to make sure no one was risking his life needlessly.

Members of the Antioch Fire Department reported and helped the police in keeping people informed of the danger.

Fortunately, Antioch was spared the devastation of a tornado. Let's hope we'll never see one. But remember, there simply isn't time to seek adequate shelter, as a rule, if you wait to make sure a tornado is going to strike in your vicinity.

The experience of other towns show the terrible loss of life that can result when people refuse to take the tornado alert seriously. We're grateful that our village officials are doing their best to see that such a needless tragedy never happens in our village.

Courthouse Notebook

BY LOU DURKIN

The Lake County Board of Supervisors pulled a switch last week by passing a 10 cent tax levy for bonds to build the Lake County Courthouse and Administration Complex with scarcely a dissenting voice.

Of course the actual levy voted was only .064 to cover the retirement of bonds issued earlier by the Lake County Building Commission for the second phase of the complex, but the new levy brings the total tax for construction to 10 cents on each \$100 of assessed valuation.

The other .036 levy is for the construction of the first phase of the administration building which is expected to be completed in August and which has been collected for the past three years.

The big difference in the two levies, besides the amount, is that this time there was no beating around the bush and no idle chatter about abating the levy.

The vote on the levy resolution to insure payment of the commission's bond issue was a foregone conclusion

after the board voted during its morning session to enter into a new 20 year lease agreement with the commission.

The county guarantees payment of an average of \$700,000 a year for the next 20 years for bond amortization, maintenance and upkeep of the new courthouse complex which the county will rent from the building commission.

In effect the new lease extends the lease on the first phase automatically because the new buildings do not, revert to county ownership until all indebtedness incurred by the commission has been paid off.

The building commission system of constructing needed public buildings has proven to be rather cumbersome so the Illinois General Assembly, in the late unlamented "blue ribbon" session, saw fit to simplify things.

In the future the county board will be able to issue bonds for capital improvements without going through

YESTERDAYS

THIRTY YEARS AGO

From The Antioch News of June 3, 1937

William Belter, 49, was killed, apparently by a hit and run driver, on Rt. 173 west of Antioch.

The new Millburn Congregational Church is to be dedicated Sunday. The previous church building was destroyed by fire Jan. 12, 1935.

Fifty-one students will be graduated from Antioch High School Monday.

Twenty Years Ago
From The Antioch News of June 5, 1947

The new Barnstable-Brogan Shop had a successful opening. The store was crowded and many persons stood outside for long periods waiting to get in.

Parking meters will be installed in Antioch this week.

Annabelle Barthel was installed as Worthy Advisor and June Hunter as Worthy Associate Advisor of the Order of Rainbow for Girls.

The village board approved issuance of \$32,000 worth of revenue bonds to finance the village's new sewage treatment plant.

Miss Frances Zimmerman will be in the graduating class from the University Hospital in Chicago. Miss Zimmerman is the daughter of Dr. and Mrs. L. John Zimmerman.

Trustees Walter Scott, Murrill Cunningham and James Mapletorpe represented the village at the tri-county meeting at the Oak Park Club.

Ten Years Ago
From The Antioch News of June 6, 1957

J. L. Horan resigned as Civil Defense Director.

Residents of Rammons Grade School District approved an increase in the educational tax from 61c to 82c.

John Dupre seeks a permit to erect an \$80,000 apartment building on Main St.

Mrs. Henry Mau was recovering from injuries received in an auto accident.

the subterfuge of the building commission ploy and will be free to build to its heart's content without even the nuisance of a referendum.

County Highway Superintendent M. E. Amstutz and his county board Highway Committee enjoy a high degree of confidence from board members.

At the meeting last week nearly a dozen resolutions involving the expenditure of many thousands of dollars were passed as routinely as resolutions commending former employees for long and meritorious service.

The motion to adopt the resolutions was made in some cases before County Clerk Truman Gerretsen completed the reading of the document.

There can be few experiences in public life more frustrating than to be a member of a minority group on a legislative board and there can be few climates where arrogance can flower more fully than on the side of the majority.

Supervisor Frank Peers, of Deerfield, Sam Smith and Mrs. Grace Stern, assistant supervisors from Deerfield Township, attempted to voice some opposition to the action on the courthouse lease and levy resolution, but it was obvious they were going through the motions with little expectation of success.

While the opponents to the action were making their desultory admonitions some of the members of the Establishment, secure in the knowledge they had the votes, displayed the bad manners that come only with arrogance by interrupting, wise-cracking and otherwise heckling the speakers.

As elected representatives of the people of their townships every member of the county board is entitled to respect and courtesy from the other members and we would like to see County Board Chairman Lloyd Murrie whack the gavel a few times when his cohorts get out of line.

Your Congressman Reports....

By Cong. Robert McClary

In a few days the Congress will be compelled to increase the national debt limit to a record level—possibly \$365 billion—an increase of \$20 billion from the present "temporary" ceiling of \$336 billion. This proposal should give some suggestion to the American taxpayer of the proclivity of this Administration to spend money far beyond the revenues which the government receives.

It may be recalled that when the budget was presented to the Congress for the fiscal year ending July 1, 1967, it was estimated that a deficit of \$1.8 billion might result. This deficit estimate has been revised from time to time, so that now it is authoritatively estimated that the deficit for this period may actually total about \$20 billion.

The war in Vietnam and other military expenses contribute substantially to the discouraging national fiscal picture. However, the defense deficit accounts for only about half of this financial miscalculation. The rest of the red figure has been caused by underestimating or deliberately misrepresenting the extent of non-defense spending.

It should be pointed out that whereas defense spending rose 65% from 1960 to 1967, non-defense spending (not including interest to service the national debt) has risen by 97%. For example, programs designed to combat poverty will cost \$22 billion during the present fiscal year. Instead of making progress toward a balanced budget, the trend under this Administration's policies appears to be in the opposite direction.

The Administration's request for a tax increase (mainly a 6% surtax on corporations) has been accompanied by actions considerably less than enthusiastic. At the same time, the Administration is seeking to encourage corporate activity by restoring the 7% investment credit—which was suspended by Administration action just a few months ago as a move to "cool off" the economy. The elements which appear to be lacking in Administration circles are those of expenditure restraint and of fiscal responsibility and control.

There can be no question that a healthy national economy must be based on sound national policies. While it is difficult to identify the exact policies which direct the fiscal actions of this Administration, this much is clear: The Administration indicates no intent to cut back on domestic spending programs, even though the funding of these programs involves spending money which we do not have.

The national debt ceiling will zoom to \$365 billion before the end of June—a debt which ultimately the American taxpayers will have to dig down in their pockets to pay.

Letters to the Editor

Round Lake, Ill.
June 6, 1967

Dear Editor:
While our sons are dying in Vietnam, fighting Communism, the Administration is talking of lowering the barriers to East-West trade. This is to be supported by our tax dollars through the Export-Import Bank.

I have written to my Senators and Representatives to urge an amendment to the Export-Import Bank Bill to forbid the bank to guarantee loans to Communist nations. I urge all concerned Americans to write their Senators and Representatives telling them how you feel about aid to enemy nations that are supplying the Viet Kong

ALONG THE WAY with Annie Mae

Storm Warnings

After this past week of going into the basement (time after time, it became more push each hour we spent down there. No more of that cold, damp floor for me.

A Special Thanks

The Band Parents would like to thank all those who helped to get the Band children off the streets Saturday during the tornado warnings. Water, Water Everywhere

I suppose Art and Lorie Aerne weren't the only ones with a boat sunk after all this rain. Along with the boats went the piers also.

The Winner

Our fine village now has a flag to represent us, due to the talents of Don Evans. It will be unveiled at a July 4th celebration.

For the Talented

Don't forget to enter the State Bank's essay contest for our Jubilee!

Get Well Wish

And before I forget, a special get well wish to 9 year

old Marilyn Lorang in Victory Memorial Hospital.

Oops—Sorry About That! The possible rumor that the old A&P building would be a Grant store is not true!

Total Surprise

Students

Darlene Roblin, was in a state of shock at her son, Frank's graduation last week, when she turned around to see her parents sitting behind her. They came in from Florida and stayed in Millburn for two days at another relative's home so absolutely no one would see them. It really was a surprise.

While on the subject—Gus and Caroline Costoff were also surprised last Saturday with a housewarming party. Those on the sneaky end of the deal, were Ray and Pat Lorenz, Fred and Fran Walpole, the Ed Abderholdens, the Dick Carlsons, Albergos, Al Bucars, and can't remember the rest!

Till next time,
ANNIE MAE

As It Happens —

By W. J. Murphy

House in Full Action

Starting with the return from the Memorial Day break, the House went into full gear, meeting from 8:30 a.m. on committees and running through full Session until 8:30 and 9:00 p.m. each night. The tension of the Session is building and patience and good humor are wearing thin as the flood of Bills now pour out on Third Reading. It is harder now to pass a Bill than a couple of weeks previous, which is a good thing.

Pet Bill

Just a short mention of the Bill that would only allow pets to be sold by those who made a full time business of it, known as House Bill 1294. In the first place this Bill would exempt anyone who just raised an occasional litter. However, to stop the flood of mail on this bill let me say I am completely opposed to this poor legislation. I will work to defeat it, and I believe further that I can say it will be soundly defeated.

Teacher's Retirement Pension

This is another issue that is bringing on a flood of mail from all the good teachers of the area because they have been unduly alerted and alarmed by Mr. Aubrey Holmes, the Executive Secretary of the Pension Fund. It is true that the law was passed stating that the Legislature should match this fund with an appropriation equaling 120% of the amount paid in. It is true that the sum the teachers must pay is mandatory. It is also true that the Legislature is appropriating at this time \$86,000,000 when the law says they should be appropriating \$114,000,000—but it is necessary because we just do not have the money available at this time; but Dear teachers please hear this:—contrary to the cry from Mr. Holmes, your pension fund is not in dire danger—we will not be expending moneys that you are presently paying in. The 88 million will pay all the demands and leave a substantial sum over to go into the pension fund. The amount of 88 million was not just a figure grabbed out of the air—it is a sum that was agreed on by the Pension Commission as a safe and sane amount according to the actuary experience of this account. This sum is only for an 18 month period, until the House is again in full Session. So, teachers, please, no more letters on this subject, we have done the best we can and though it is not perfect, it is perfectly safe!

State Revenue

With Budget expenditures well over \$6,000,000,000 and even added to by the Legislature, an already established fact and a fact well known, is that the income of the State is close to a Billion short of this sum. This Legislature still has not taken up the subject of Revenue Income as proposed by the Democrat Administration to broaden the service groups that must pay tax on their services such as the Attorneys, Doctors, Funeral Directors, Newspapers, Insurance Brokers, Barbers, Beauticians, etc. This is bound to take days of debate and much maneuvering as each of these groups will use their pressures to get themselves out from under this nuisance tax. I have already been individually contacted by the Newspapers, by the Attorneys, by the Doctors and by my own profession of Real Estate and Insurance Brokers. My attitude on the subject is that if they remove any one group then I will oppose the whole package, because if it is good for one it is good for all.

End in Sight

There are now only two weeks left of the record breaking Session of the General Assembly.

All House Bills have either been killed or passed into the Senate and all Senate Bills are either dead or passed into the House. In another five days the historic motion will be made to kill all Bills still in Committee. Then the House and Senate will concentrate on Cleaning up the Calendar in preparation for adjournment. While there are still a great number of Bills on the Calendar of both Houses, it does appear that with full five day Sessions in full swing including night times, both Houses will probably be able to adjourn in orderly fashion by June 30th.

with weapons to kill our men.

Sincerely,
Frank Ehredt

Antioch, Illinois

Gentlemen:

We wish to thank the Antioch News for the publicity and cooperation we have had this school year. It is this type of relationship that makes our schools better.

Again, thanks.

Yours truly,

CENTRAL HIGH SCHOOL

Vernon O. Horne,

Principal

Amstutz Answers Murphy Charges

June 8, 1967

Editor
Antioch News
906 Victoria
Antioch, Illinois

Dear Sir:

My attention has been directed to comments made by Representative W. J. Murphy in his column entitled "As It Happens" in your issue of June 1. Representative Murphy states that he is "rather disappointed and a bit peeved" in my appearing before the House of Representatives which met as a Committee of the Whole on May 22nd to hear reasons for and against the various changes in the highway code proposed by the Highway Study Commission. He further stated that "I was another example of the appointed bureaucratic official who is constantly after new types of radical legislation and services and mouths the trite saying, the people want it." Further, that an appointed official should not be allowed to lobby at tax payers expense in Springfield. I wish to put the record straight.

My appearance before the House of Representatives, which was meeting as a Committee of the Whole to review the proposals submitted by the State Highway Study Commission, was at the request of members of the Highway Study Commission and also members of the Legislature. I had been asked to present my views covering the proposals of the Commission. My report was reviewed and approved by the Highway Committee of the County of Lake prior to appearing before the Legislature. It would have been somewhat discourteous on my part had I declined to accept the invitation.

I wish also to straighten the record insofar as promoting "new types of radical legislation and services." I stated in the report that I was in general agreement with many of the proposals of the Commission but could at this time concur in only two and suggested that the remainder, namely be referred back to the Commission for further study and clarification and that action be delayed until the next session of the Legislature. I approved of the Commission's recommendations to:

(1) Increase the gasoline and diesel tax and license fees with the distribution to remain as provided under present statute.

(2) I approved the proposal to permit counties and the state to purchase rights of way for future additions to highways in those situations where the owner of the property concerned was proceeding to improve it with a new

building or other installation. This type of legislation has been in effect in many states. In fact, I could only recall one, namely, Illinois, which does not permit such acquisition. This has cost the tax payers literally millions of dollars.

Statements have appeared in the press and in other news media that the Commission's proposals to increase revenues would place Illinois in the highest bracket in the United States. This is a completely false statement! Illinois has been at the bottom of the totem pole insofar as users revenue is concerned. By users revenue I mean the taxes levied in the form of motor fuel tax and license fees against a motor vehicle. There is no state that levies less. Illinois has been below the national average for over 13 years and presently is 40% below the average users revenues in other states. When compared with industrial states the situation becomes alarming. Attached hereto is a comparison taken from a commercial magazine. The article is three years old and it is quite likely that the difference is even greater at this time.

The lobbyists for the truckers and the oil industry have been very active in Springfield in attempting to prevent any increase. Historically both of these groups have, in the past, fought every proposed raise in users taxes. The oil industry fought the original gasoline tax all the way up to the supreme Court. The only other method that is available for constructing highways is by levying a real estate tax. I am a firm believer that the majority of all taxes for highway purposes should be provided by the user.

Opposition has also arisen from manufacturers of diesel equipment as well as the truckers to an increase in the tax on diesel fuel. The truckers are rapidly changing from gasoline to diesel power. My own department is also changing as fast as we are able. We find that we can operate a diesel from 80 to 100% farther on a gallon of diesel fuel than a similar truck using gasoline. If you are disturbed by one of these large trucks passing you on the highway, you may be more concerned to learn that if powered with a diesel engine, he is probably not paying any more per mile than the normal motorist is insofar as gasoline or diesel tax is concerned. A situation like this should not be tolerated.

Some truckers have objected to the above comparison of diesel fuel versus gasoline (continued on page 8)

"Seems like every time I turn around my home needs refinishing. What can I put on it that will last?"

(Any other questions?)

Eight Quaker employees and the president of the company, Walter Block, received watches last Monday in recognition of 25 years of service with the company. Left to right, Robert Komarec, Charles Badtke, Walter Stein and Arthur Krahn receive their watches from president Walter Block.

Grant Spong of Quaker Industries presents a watch to Walter Block, president of Quaker.

Left to right, Gilbert Petzke, Arnold Woller and Richard Block are presented with watches by president Walter Block. The men had completed 25 years of service with Quaker, Inc. Walter Anderson, who also received a watch, could not be present when this picture was taken.

Quaker Rewards 25-Year Employees

Quaker Industries, Inc., Antioch, last week presented watches to eight employees of the firm who have been with the company 25 years or more, and to the president of the firm, Walter Block.

The presentation was made for the first time this year, said Grant Spong, but will be a regular event from now on as employees complete 25 years of service.

The eight employees who have completed 25 years or more of service with the company are Arthur Krahn, Walter Stein, Charles Badtke, Robert Komarec, Richard Block, Arnold Woller, Gilbert Petzke and Walter Anderson.

All of the men started with the company when it was located in Kenosha under the name Quaker Stretcher. The firm made curtain stretchers and employed about 50 men.

The firm moved to Antioch about seven years ago, and now manufactures housewares. Curtain stretchers are no longer manufactured by Quaker. Quaker is the world's largest manufacturer of tray tables, producing them in metal, fiber glass and wood. They also produce room dividers, wall shelving, stack shelving, a line of laundry items, including racks, sorters, carts, and ironing caddies; patio tables and a complete line of fiber glass table accessories.

Quaker has a policy of promoting from within its ranks whenever possible, and the eight employees have worked up from ordinary laborers to supervisory positions.

Robert Komarec started with the company April 14, 1942, in the stretcher assembly department. He has held various jobs in the plant and is now supervisor of the Servette Assembly & Packing department.

Richard Block, a nephew of the president, started with the firm in February 1935, and worked in the punch press department. He is a set-up man, worked in the machine shop and is now supervisor of the tool room.

Arnold Woller entered the employ of Quaker in 1937.

He worked in the wood room, then in various jobs throughout the plant. He was supervisor of the stretcher assembly and packing department and is now master mechanic and maintenance supervisor.

Arthur Krahn started in July, 1937, and has remained in the punch press department. He is press set-up man. Walter Stein joined the company in January, 1940. He worked at various jobs and is now production superintendent.

Charles Badtke started in September, 1937. He also worked at various jobs throughout the plant and has been supervisor of the Make - Ready department since 1955.

Gilbert Petzke started with Quaker January 15, 1940. He started in the office as a clerk. "We did everything in those days. There was only a small office force, so I did a variety of office work." Now he is a vice president in charge of manufacturing.

Kennel Club To Hold Dog Show

The Wheaton Kennel Club, Inc., licensed by the American Kennel Club, will hold its Eighteenth All Breed Dog Show and Eighteenth Obedience Trial (unbench) on Saturday, July 8, at the DuPage County Fairgrounds, Manchester Road and County Farm Road, Wheaton, Ill. Show and Trial hours are 8:30 a.m. to 9:00 p.m. The Utility Obedience Class will be judged in the open (no cover).

This show is superintended by Webb Dog Shows, Inc., Auburn, Ind. For further information, or entry blanks, write show superintendent or show president, Mrs. J. Lynn Welsh, 600 Taylor Road, Barrington, Ill. 60010. Telephone number 3816545.

Entries close Tuesday noon June 27, after which time entries cannot be accepted, cancelled, altered or substituted.

Number of Visitors To State Capitol On Increase

A total of 57,797 persons, including 45,188 school students, visited the State Capitol during the month of May, Secretary of State Paul Powell reported today.

This was an increase of 12,002 in the number of persons who visited the building in May a year ago, Mr. Powell said. The number of visiting students is an increase of 9,393 over last May, and the number of school groups increased 135 for a total of 827.

For the first five months of this year, the total visitors is 94,371, an increase of 23,144 over the same period of 1966. Secretary Powell said.

During May of this year, the visitors included 6,227 Illinois residents, 1,528 residents of other states and the 45,188 students who were accompanied by 4,854 adults.

RECEIVE DEGREE

Bruce L. and Edith C. Wollpert, Rt. 5, Antioch, were among the 2,190 students who received degrees Saturday at Northern Illinois

William H. Grenell

Grenell Promoted

William H. Grenell, 12 Hawthorne Drive, Ingleside, has been promoted by Illinois Bell Telephone to wire chief of the Company's Antioch Area.

In his new position, he will be responsible for the installation and maintenance of all telephone equipment in Antioch, Fox Lake, Grayslake, Lake Villa and Round Lake; and for each of the town's community dial offices.

Previously test center foreman in Highland Park, Grenell joined the company in 1955 as an installer-repairman in Libertyville. He subsequently held various Plant assignments in both Libertyville and Antioch. In June 1964, he was promoted to station installation foreman in Highland Park, and later that year moved into his most recent post of test center foreman.

A 1954 graduate of Grant Community High School in Fox Lake, Grenell attended Northern Illinois University at DeKalb. He is active in St. Bede's Church.

He is the son of Mr. and Mrs. Howard Grenell, 119 Bay Road, Fox Lake. Grenell and his wife, the former Janet Lill, have four children—Jennifer, 11; Robert, 10; Christine, 9, and Jill Ann 2.

2 Girls Top Scholars At Salem Central High

Student awards for the past year were recently presented at Salem Central High School. Among the honors was announcement that Jeanette Gordon is valedictorian and Sharon Holloway salutatorian.

Other awards were: the DAR award to Sharron Holloway, also the public relations award by the Burlington Press. The School annual seminar, by the Burlington Press, to Debbie Howitt, Miss Holloway was also the recipient of the American Legion award for the oratorical contest, and a scholarship award from the Student Council Scholarship fund.

American Legion awards also went to Mary Wagner, and Philip Johnson.

Scholarship awards were given to David Davis, Ed Winfield, Elaine Reiter, John Kleist and Richard Molini.

Community Club scholarships were presented by Mrs. Wallace Runkel to Marie Wlenke and Cathy Sluppik. The Farm Bureau scholarship went to Elaine Reiter.

A special U. Kenosha scholarship was presented to Bill Ivy.

Art Camp Scholarship awards to attend Wassau Art Camp this summer went to Sharon Babros and Pam Palla. Sharon Babros was chosen as the Outstanding Art Student.

Attendance certificate awards (4 years without absence) were presented to Judy Schaeffer and Elaine Reiter.

A special Science award was presented to Tom Hartnell. Paula Fanke received the Betty Crocker award. The Arion award in music went to Liane Klemko. The Sousa award (music) went to Grace Hall.

Jim Van Liere was named the best Actor of the Year. Best Actress was Mary Wagner, and special awards in Drama were presented to Cathy Beyers and Ann Ruzicki.

Awards were made to Chorus accompanists Cheri Winfield, Mary Kral, Sandy Neuens and Rose Kasten.

In athletic awards, Gary Epping and Don Schenning were named Most Valuable in track; Mike Stanke, in Golf, and Richard Molini in baseball. Baseball's leading hitter was Paul Vlahakia.

Four-year pins in Music were presented to Grace Hall, John Kleist, Mike Warford and Carol Nevin.

Attend Graduation

Postmaster and Mrs. Joe Wolf went to Cornell College in Iowa last weekend to see their son, Joseph Roger, graduate. Joseph received his B.A. degree. Both he and his wife, Betty, also a graduate of Cornell, plan to attend Law School at Kent College next fall.

The Wolfs met Mr. and Mrs. Warren Polley, also of Antioch, at the graduation exercises. The Polleys' daughter, Janet, received her degree Magna Cum Laude and with numerous other honors.

Purchase of Savings Bonds In Lake County

Lake County residents purchased a total of \$905,825 in Series E and H United States savings bonds in April according to Philip L. Speidel, Lake Forest, general county chairman of the savings bonds committee.

Purchases in the state of Illinois were \$30,766,075, according to Arnold J. Rauert, state director of the Treasury Department's savings bonds division. This is 2.7% below the total for last April and accounts for 7.8% of national sales which were \$394,000,000. As of April 30 the dollar amount outstanding in U. S. Savings bonds was over \$50.6 billion.

RECEIVES DEGREE

Jerald Allan Jacobs of 416 Harden Street, Antioch, was scheduled for June 5 graduation at Georgetown University, Washington, D. C. He was scheduled to receive an A.B. degree from the College of Arts and Sciences. Under Secretary of State Nicholas deB. Katzenbach gave the commencement address. He is the son of Mr. and Mrs. E. C. Jacobs of the same address.

MYF HOLDS BEACH PARTY

The Antioch MYF held a picnic at the beach house in Felter's subdivision on June 11. Rain interrupted the festivities at the beach house, so the group moved to the home of Mrs. John Laude's parents. Everyone went back to the beach for a swim about 3:30 p.m. The next meeting will be held at 6:30 p.m. June 18 in the MYF room.

Call 395-4111 for free ad.

Mr. and Mrs. P. F. Leider recently celebrated their Golden Wedding Anniversary.

Celebrate 50th Anniversary

Mr. and Mrs. P. F. Leider, of Petite Lake, Antioch, recently celebrated their Golden Wedding anniversary. They were married May 16, 1917.

A Mass of Thanksgiving with renewal of vows was said by the Rev. Alfred Henderson of St. Peter's Church, Antioch.

A reception in their honor was given by their children, Mr. and Mrs. R. Tutein, Mr. and Mrs. D. Leider of Antioch and Mr. and Mrs. R.

Leider of Coloma, Mich. Many friends and relatives attended.

Their only living attendant, Mr. Leider's sister, Mrs. Barbara Zeidler of Sheboygan, was present.

Mrs. Leider (the former Lenora A. Blum) and her husband were both born in Chicago and lived there until coming to Antioch in 1951.

They have nine grandchildren and three great-grandchildren.

Elected To Phi Kappa Phi

Judith Turner, daughter of Mr. and Mrs. O. W. Turner, Rte. 2, Antioch, was cited for recent election into Phi Kappa Phi national honor society at Illinois Wesleyan University annual Honors Day Convocation Friday, May 19.

Phi Kappa Phi is the largest honorary scholastic fraternity in the country and its membership is open to students in all academic areas. A student must be in the upper six per cent of his class to be eligible for membership.

Fourteen Wesleyan students were initiated into Phi Kappa Phi on May 10.

LAKESIDE REBEKAH LODGE NO. 82 NEWS

By Del Jahneke

At the last meeting of the Lakeside Rebekah Lodge No. 82, held in the Antioch American Legion Home, the members honored their District Officers, and their present and past District Deputy Presidents. Miss Verna Heber of Waukegan is the present District Deputy President. Miss Evelyn Johnson, Lake Villa, is Past District President. The meeting was presided over by Mrs. Charles Ferris, Noble Grand. The Rebekah Lodge will hold a public Salad Bar luncheon and card party, at the Antioch Legion Home, at 12:30 p.m. on June 22nd.

HOME FROM THE HOSPITAL

Mrs. A. Pedersen has returned home from the hospital after undergoing eye surgery.

MOOSE TOPICS

By Lillian Birdsall

There were 13 Legionnaires from the Antioch Moose Lodge present at the Legion Ceremonial and installation of new officers which was held at the Highland Park Moose Home Sunday, June 11. The Antioch Moose enrolled 3 new Legionnaires and the governor, Warren Andre, was presented with a trophy by out-going North Moose Joe Brooks for the outstanding efforts of the Antioch Legionnaires of Moose for sponsoring new members. This trophy will be placed in the Antioch Moose Home case for all members to view.

Installed as new officers for the Legionnaires from Antioch were Seth Mark as South Moose and Scotty Birdsall as West Moose. Gene Hanner of Waukegan was installed as the new North Moose and Joe Cassett of Highland Park as East Moose. A dinner was served family style following the services and the Highland Park Moose Quartet entertained the members with songs.

The Antioch Women of the Moose will have their installation of new officers, Saturday, June 17, at 8 p.m. To be installed are Jerri Polson as Senior Regent, Rose Roth as recorder, Bernie Rosequist as Jr. Regent, Erna Toft as chaplain and Catherine Klith as treasurer. Refreshments will be served and dancing will follow to the music of the Amistad band.

The weather man put quite a damper on the celebration for Antioch's new Collegian, Jan Maleski, who received her cap and gown at Mooseheart Saturday, June 10. There were nine members from Antioch present and there were a total of 653 collegians from the various chapters to receive this honor on this day. Jan Maleski and her members celebrated at Floyd's Restaurant in Carpentersville following the ceremony.

A business meeting will be held for the W.O.T.M. at the Antioch Moose Home Thursday evening, June 15. The hunting club has scheduled a meeting for Thursday evening, June 22. The L.O.O.M. officers will meet at the Antioch Moose Home Wednesday evening, June 21.

The Convention is scheduled to start on June 25, at Jacksonville, Fla. The main feature will be the dedication of the Moose Haven Health Center for which all Moose Lodges have worked so hard. Ken Wolbing will be the chef for the fish fry which is set for Friday evening, June 16.

Sandra Mueller

Plan Wedding

Mr. and Mrs. John Osborn, Main St., Antioch, announce the engagement of their daughter, Sandra Mueller, to William Kisel of Lake St., Antioch.

Sandra graduated from Antioch Community High School this year. The wedding is planned for August 26.

Square Dance Sat. At ACHS

Square and Round dancing will be the order of the evening at the Sequoia Jamboree Saturday, June 17, at Antioch High School.

Well-known caller Manfred Thomley will be the caller for the square dancing. The dance will run from 8:30 to 11 p.m. Weather permitting, it will be held in the north parking lot at the school. If necessary, it will be held in the gym.

The Fine Arts Department at the High School is sponsoring the dance, for the benefit of the activities of that department.

Methodist Church Vacation School In Operation

The Antioch Methodist Church school for the 1967 Vacation season is now in full swing and about seventy youngsters are enjoying morning classes from 9:30 a.m. to 11:45 a.m. Monday through Friday. All youngsters from kindergarten through sixth grade are eligible regardless of religious affiliations. The material covered, however, is the prescribed Methodist Vacation Church School Material.

The Church School will run until Friday, June 23, and youngsters are welcome to join during the second week if they haven't enrolled already. The youngsters are enjoying many activities, but one of the favorites is always the refreshment break during which time chocolate milk and cookies are being served.

Where The Boys Are

GULFPORT, MISS.—Equipment Operator Construction Apprentice Ronald L. Keppler, USN, son of Mr. and Mrs. Fred Keppler Route 1, Bristol, Wis., is in Gulfport, Miss., serving with U. S. Naval Mobile Construction Battalion 128.

The battalion is training for a future deployment with the U. S. Sixth Fleet. The men are attending classes in their basic skills, undergoing basic and advanced military training, and receiving on-the-job training on various construction projects.

BIRTH NOTES

Mr. and Mrs. William Fenger are the parents of a son, William Joseph, born Thursday, June 8, at Lutheran General Hospital in Des Plaines. William Joseph weighed 6 lbs. 6 ozs. at birth.

The baby's paternal grandparents are Mary and George Fenger of Rt. 3, Antioch. His maternal grandfather is Mr. Orre of Chicago.

Engaged

Mr. and Mrs. Robert Harris of Solon Mills, announce the coming marriage of their daughter, Patricia Elaine, to Harry Smith, son of Mr. and Mrs. Russell Smith of Channel Lake. Plans are being made for a July wedding.

Family Holds 84th Reunion

The 84th annual reunion of the Oetting-Bushing families, held at Lake Lawn, Delavan, Wis., on Sunday, June 4, as attended by 75 members.

In charge of arrangements were Mrs. Alexander Eser (Margaret Oetting), Lake Forest, Ill.; Mrs. Henry Weber (Melody Oetting), Delavan, Wis.; and Mrs. Arthur May (Elvira Oetting), Madison, Wis. Dinner was enjoyed at the lodge, and pictures of previous reunions shown.

Those who came from afar were Mr. and Mrs. Adolph Anderson (Edna Bushing), San Pedro, Calif., and their daughter, Mrs. Richard Hut-ton, Upland, Calif.; Mrs. Ben Thornburg (Lillian Bushing), Markleeville, Calif.; and Mrs. Carl Weber (Mae Oetting), Sarasota, Florida.

The oldest member present was Mrs. Charles Oetting, 81, long time resident of Trevor, Wis., now residing at Twin Lakes, Wis., and the youngest, six-month-old Katherine Neil, Chicago, great-granddaughter of Henry Oetting.

Of the eight sons of Friedrich Oetting and his wife, Georgina Bushing, only one survives—Henry Oetting of Sarasota, Florida. He will be

GRADUATES FROM CORNELL COLLEGE

Janet Polley, 998 Osmond Avenue, Antioch, was graduated from Cornell College, Mount Vernon, Iowa, with a bachelors degree on Sunday, June 11.

Janet majored in English as a Cornell undergraduate. Other areas of participation for the 1967 graduate were: Kappa Theta, Mortar Board and R.L.C.

HOME ON LEAVE

Tom Solar, son of Dr. and Mrs. Charles Solar of Antioch, returned to Guantamano Naval Base Sunday, June 11, after spending twelve days with his parents. Tom is an electronics technician, serving with the Navy at Guantamano.

99 in September.

The family yearly get-togethers originated with Fred Bushing and his nephew, William Oetting in 1883. They were held in Chicago in the early years, then later in the country. Ice houses had been built at Camp Lake, Silver Lake, and Channel Lake, and the reunions were held in summer homes in this lake region. Of late years they have been held at resorts, or the residence of some member of the family.

Local relatives in attendance were from Wilmet, Twin Lakes, Salem, Bristol, Trevor, and the Antioch area (Channel Lake and Petite Lake).

American Legion Auxiliary News

By Del Jahneke

At the June 9th meeting of the Antioch American Legion Auxiliary No. 748, the election of officers was held. Mrs. Bernard Stadick will be the new president, with Mrs. John W. Horan, Jr., as the first vice president; Mrs. Ralph Fields, second vice president; Mrs. Frank Kennedy, Sr., treasurer; Mrs. Edward Jahneke, historian, and Mrs. Burt Anderson, sergeant-at-arms. Mrs. Ray Rathmann will be the junior past president. Mrs. Stadick announced her appointments of Mrs. Lester Zitkus, secretary, and Mrs. F. A. Swenson, as Unit chaplain.

Antioch Legion Post Commander Bernard Stadick gave a short talk. He spoke on the forthcoming Legion and Auxiliary Carnival, to be held from July 4th through July 9th, at the Antioch High School Grounds, and asked for the usual co-operation from the Auxiliary members. Commander Stadick thanked the Unit for their loyal support of American Legion Programs.

Delegates were elected to the Department Convention in late July—they are Mrs. Ray Rathmann and Mrs. Bernard Stadick, with Mrs. Edward Jahneke and Mrs. Frank Kennedy, Sr., as the alternates.

There was also an election of delegates and alternates to the 10th District Auxiliary meetings. Delegates are Mrs. John W. Horan, Jr., Mrs. Lester Zitkus, Mrs. Joseph Horton, Mrs. Frank Kennedy, Sr., and Mrs. Walter Hills. Alternates are: Mrs. F. A. Swenson, Mrs. Ralph Fields.

Social Notes

By Del Jahneke

The Thomas Jacobsens Beach Grove, accompanied by her daughter, Mrs. Don Rodgers, Oakwood Knolls, attended a baby shower for Mr. Jacobsen's nephew's wife, Mrs. Carol Jacobsen of Berkeley, on Sunday, June 4th. However, when they arrived at the "shower," they discovered that the "guest of honor" was in the hospital, giving birth to a baby boy. The Jacobsens held a "birthday party" for their grandson, David Ruhl (son of Mr. and Mrs. Jack Ruhl of Zion), on Sunday, June 4th. Between the raindrops, they managed to hold an outdoor barbecue for the dozen relatives and friends who helped young David celebrate his third birthday.

Mrs. George Swenson of Grandwood Park, a former resident of Antioch, is recuperating nicely at home after undergoing surgery at Victory Memorial Hospital recently.

Sharon Kay Enlow

Betrothed

Mr. and Mrs. Andrew Ray Enlow, 1166 Jefferson St., Galesburg, Ill., announce the engagement of their daughter, Miss Sharon Kay Enlow, and Donald A. Blackman, son of Mr. and Mrs. John M. Blackman, 1026 Laursen Ct., Antioch.

Miss Enlow, a graduate of Galesburg High School, is a senior at the University of Denver. Mr. Blackman, a graduate of Antioch High School, will graduate in August, from the University of Denver.

No date has been set for the wedding.

TO ATTEND MacMURRAY COLLEGE

Louis E. Tanner, son of Mr. and Mrs. L. E. Tanner, Rte. 5, Antioch, will attend MacMurray College next fall. Tanner, a graduate of Antioch Community High School, was a member of the National Honor Society, the Spanish Honor Society, and was on the senior class executive board. He is an Illinois State Scholar, and the recipient of a Blackstock Scholarship. The Blackstock Scholarships were named in honor of Mrs. J. A. Blackstock, lifelong friend and benefactor of the college.

Antioch Considers Incorporation In 1891

Antioch was considering incorporation as a village in the year 1891 (they incorporated in 1892), and then, as now, Letters to the Editor were one way the citizens had to express their viewpoint, pro or con.

A letter in the Antioch News of Jan. 8, 1891, gave one citizen's view on why incorporation was necessary. Then, as now, there were evidently those who refused to do their part in keeping up the town unless forced to. **SHALL WE INCORPORATE?** Editor, News:

Will you allow me a little space in your paper to take the affirmative of the question and give a few reasons why the people should incorporate the village of Antioch.

First the rapid growth and fast assuming commercial importance of the village demands that in order to stimulate and encourage outsiders to invest money in village property, some attention should be given to the improvement of our streets and sidewalks as well as the more sanitary condition of the town, this can be done only by united action of all the people, or by village ordinance backed by the vote of a majority of the legal electors. Suppose, for instance, that a dozen enterprising men were to buy property and erect costly and fine residences on any one of our streets and after erecting their buildings they were to lay a good sidewalk, grade the street and put in proper sewage along the entire front of their property. But on either side, a few careless or non-enterprising men, neglect or refuse to continue the walk. "Paddle" through the mud in order to get to their place of business or away from home, or else continue the walk at their own expense and pay for improving the property of their shiftless neighbor.

Again in regard to the license question, although no license is granted by our County board, it is a fact that can hardly be successfully contradicted, that liquor in its various forms can today, and could have been bought at any time during the past year, by the gallon or glass right here in Antioch. Yet the town or county derive no benefit from its sale.

While I do not advocate, nor am I in favor of the saloon, yet I am fully convinced that while liquor is made it will be sold in one form or other. Therefore I am in favor of making the saloon-keeper pay for the privilege of selling and use the money arising from license to make needed public improvements and in a measure repair the ruin wrought by the saloon. The plan, or plat, now being placed before the people of the village, for the proposed incorporation, in my opinion would work no injustice to any one, but on the contrary, has much to commend it.

In regard to taxation I can see no reason why the revenue derived from fines, license of peddlers' carts, traveling showmen and the like would not be amply sufficient for all legitimate needs of the village government while, unless improvements were made, no additional assessment would be required, and in this case public improvements upon our streets would increase the value of property pro ratio with the improvements made. If the people would voluntarily make all needed improvements the subject of incorporation would lose one of its potent factors, but as they will not, it does not seem right that the few should retard the progress of the many.

A Tax Payer
Editors in the 1890's evidently had trouble collecting this price of subscription to the paper, and The Antioch News re-printed the plea from an Editor of another paper:

The Troubles of an Editor
We must really request our friends who are delivering us new potatoes in payment of their delinquent subscriptions to select smaller varieties, if possible. They forget the only kettle that we have to cook them in is the same old tin dipper, suspended gypsy fashion to a

tripod on the tide flat under our composing room. It will not hold anything over nine inches in diameter, and this season these Willapa Valley potatoes so far delivered are seldom under ten inches. This matter has caused us considerable anxiety. We don't want to refuse the potatoes just on the ragged edge of a hard winter, but we do want some discrimination made as to size as we have no method of preparing the giant varieties.

South Bend Journal
There's a Health Hint from

that 1891 paper:
To Make Lime Water

Lime water is often required in the sickness of children and adults. Being inexpensive, it is best to obtain it from druggists; but if anyone prefers to make it here is the process. Take a large bottle and press into it pure, clean, unslaked lime, enough to fill about one-fourth of the depth. Now fill the bottle with pure water, cork and shake well. On standing the fluid will become clear, when it is ready for use.

Project Viet Nam Gets Another Award

"Antioch's Project Viet Nam has received another award, this one from the U. S. Air Force."

Sgt. Sam Childers, Recruiting Officer of the U.S.A.F. in Waukegan, presented the framed award to Postmaster Joe Wolf and the Antioch Post Office personnel last Friday. The award read "The U. S. Post Office at Antioch, Ill., is hereby commended in recognition of consistent and devoted service in assisting the U. S. Air Force Recruiting Service and

in appreciation of conscientious efforts toward the advancement of peace through Air Power." It was signed by Edward P. Thorne, Major, USAF.

Project Viet Nam is Antioch's project for keeping in touch with Antioch boys serving in Viet Nam, and assuring them that they have the constant support of the folks back home. Packages are sent to each Antioch man serving in the war area regularly.

The project is sponsored and handled by the personnel at the post office, but the whole town has wholeheartedly joined in the project. Donations come in regularly from townspeople, and offers of help and information are received regularly.

Many of the young men who receive the packages write to the post office regularly to express their gratitude. A letter from Pfc. Dennis Yasz, received last week, is a sample.

Dear Sir:
I wish to thank you for your thoughtfulness regarding the package which I received from you and the people of Antioch.

It is an encouraging thought to know that others, besides my family, are aware of some of the discomforts and ways of living so unlike the ways we Americans are so accustomed to.

Again, may I thank you. The thought behind your gift was much appreciated. I am sure that all others here in Viet Nam who have received your packages share the same feeling of pride that I have, that the people of Antioch care about the U. S. soldier in Viet Nam.

Thank you,
Pfc. Dennis Yasz
Project Viet Nam will continue, vows Postmaster Joe Wolf and the post office personnel active in the project, as long as an American boy is in Viet Nam. If, when that time comes, there is any money left in the fund it will go to the Antioch Rescue Squad.

Donors to the project in the last week are Vern's Sinclair Station, Ray Horton, Ed Pratt, Mr. and Mrs. Jim Caple, W. Scanlon, Laura Swanson, Mr. and Mrs. Wallace Nelson, American Legion Auxiliary, Mr. and Mrs. Joe Anzinger, Mr. and Mrs. Robert Hart, Mrs. Paul Ferris, Mrs. G. A. Hansen and the State Bank of Antioch.

Meeting of Jubilee Group Tonight

Everyone interested in Antioch's Diamond Jubilee will meet at the Fire Station on Orchard Street Thursday night (tonight) at 8 p.m. to finalize plans for the celebration.

The Chamber of Commerce has announced that costumes will not be available at Klass' Men's Store, but will be available through the Chamber. The Chamber is planning to decorate light poles throughout town with bunting and will provide bunting to merchants for store windows. They are asking all store owners to cooperate in decorating their windows in keeping with the Diamond Jubilee theme.

Parade Marshal John L. Horan has asked that no candy, gum, balloons, or advertising souvenirs be thrown on the parade route. He has also asked that no bicycles be allowed on the parade route. These stipulations, he said, are necessary to conform with insurance provided during the Jubilee Celebration.

Free Chest X-Rays June 27 and 28

Free chest x-rays will be provided by the Mobile X-Ray Unit of the Lake County Tuberculosis Association June 27 and 28 in Antioch. The X-Ray unit will be located in front of the Antioch V & S Hardware Store on Main St. Hours will be from 1 p.m. to 4 p.m. and from 5 p.m. to 8:30 p.m. both days.

THURSDAY, JUNE 15, 1967 THE ANTIOCH NEWS 5

College Students Help Red Cross

Not all college students today are noisily demonstrating, protesting or otherwise rousing the public's ire.

Two Lake County collegians are exceptions. Jack Ver Steegh, 18, son of Mr. and Mrs. Lloyd E. Ver Steegh, 820 Hawthorne, Libertyville, and Ray Zeason, 21, son of Mr. and Mrs. Raymond Zeason, Route 5, Antioch, recently tried to recapture the "good old college days" when student routine meant swallowing goldfish or seeing how many boys could "crum" into a phonebooth.

Just before Memorial Day, in Chicago, Jack and Ray and some Northwestern University buddies spent a morning sitting in the bottom of a filled swimming pool at 1330 W. Chicago Avenue. Water covered them completely, so the boys breathed through swimming snorkels, or "breathing tubes."

"We were helping the American Red Cross conduct the world's first underwater beauty queen contest," laughed Ray Zeason, a Northwestern marketing senior.

Ray and Jack wore summer white dinner jackets, trousers, ties the whole formal bit, loaned to them by Senos & Sons, a large rental formal wear chain. Each of the boys escorted a lovely Northwestern coed, who was competing for the title of "Miss Water Safety."

"We took our girls by the hand and dived with them to the bottom of the swimming pool, where the judging

took place," explained Ray. On the bottom, the coeds swam, one by one, past four adult judges seated at a judging table. The boys sat in chairs, watching the proceedings and taking deep breaths through the snorkels.

"The judge's tally sheets kept drifting past my face mask, making it hard to see much of the girls," said Jack Ver Steegh, a freshman at NU. He said the whole stunt was a publicity gimmick to announce to Chicago and suburban residents the start of a giant American Red Cross swimming school at 200 metropolitan pools.

"We'd like to make it clear that adults dreamed up the whole idea and asked the students to take part," emphasized Jack Ver Steegh.

How did they get tapped for the stunt, from among 8,000 students at NU?

"We were completing a Red Cross swim instructor's class, and it sounded like a heck of a lot of fun," grinned the boys.

C.B. Watson Dies At 83

Charles B. Watson, a long time Antioch resident, died at the age of 83 at 11:30 a.m. Wednesday, June 14. Death came in Kenosha Hospital, where he had been a patient for several weeks.

Funeral services are pending at the Strang Funeral Home in Antioch.

1,000 CELEBRATIONS ON TAP FOR ILLINOIS

The Illinois Sesquicentennial Commission reports that more than 1,000 celebrations of the 150th anniversary Celebration of Illinois' Statehood are now scheduled in the state's 102 counties. They will range from fish fries to fairs, from tree plantings to pageants and include a variety of spectacles, musicals, commemorative ceremonies and sports events.

"Celebrating 150 Years of the Good Life in Illinois" is the slogan chosen for the celebration.

Observance of the 21st state's entry in the Union Dec. 3, 1818, will begin Dec. 3, 1967, and continue through Dec. 3, 1968.

"These then are my last words to you: be not afraid of life. Believe that life is worth living and your belief will help create the fact."—William James

Millburn News

By Mrs. Frank Edwards
El. 6-5795

Sunday, June 11 was Promotion Sunday for the Sunday School at Millburn Congregational Church. The promotion service was held at the regular service at 10 a.m. There will be no classes after that date until September.

Bible School
Bible School will be held the week of June 26. Children 4 years of age, up to including those in grade 6 (who will be going into 7th grade in the fall). It is important that the reservations be in at once.

Members of the Social Club will meet at the Homer White home Tuesday evening, June 20, for a picnic supper.

About 75 ladies from Grayslake, Gurnee, Antioch and Lake Villa attended guest day for the Ladies Aid held at Millburn Church on Thursday, June 1.

Mrs. Harley Clark and son, Glen, and Mrs. Frank Hauser spent the week-end at the home of Mr. and Mrs. Raymond Hauser of Menominee, Michigan.

Mr. and Mrs. Charles Taylor of DeKalb were recent weekend visitors at the home of Mr. and Mrs. William Paulsen.

Mr. and Mrs. Robert Smith of Libertyville were Sunday evening callers at the home of Mrs. Frank Edwards.

Charles and Mary Paulsen

who have been attending college are home to spend their summer vacation with their parents, Mr. and Mrs. William Paulsen.

The annual chicken dinner sponsored by the Millburn Ladies Aid and Myo Club will be served Wednesday evening, June 21. There will be three table settings, 5:00, 6:00 and 7:00 p.m. The dinner will be served in the church dining room and is by reservation only. Tickets may be purchased from Aid members.

Mr. and Mrs. A. T. Taylor of Clearwater, Fla., were

callers at the home of Mr. and Mrs. Garrett Trout.

Mrs. Albert Smith and daughters of Overland Park, Kansas, called on Millburn friends Friday afternoon.

Mr. and Mrs. John Edwards of Libertyville spent Sunday evening at the home of Mrs. Frank Edwards.

Mr. and Mrs. William Paulsen attended the 122nd Commencement exercises at Knox College June 18. Their son Charles was a graduate and was awarded a B.A. degree. His major was Political Science. Mr. and Mrs. Paulsen enjoyed the graduation weekend at Galesburg, Ill.

Only modern electric heat is as clean as the sun

Electric heat is unlike any other type of home heating. It's flameless—it burns no fuel, and it keeps your whole house cleaner, more comfortable. And because an electrically-heated home stays clean longer, wall washing and redecorating are kept to a minimum.

With electric heat, you can pick the type of heat you want. There are 5 basic types of flameless electric heating equipment. Depending on your heating requirements, one system may be used separately, or several may be teamed together.

If you're planning a new home or thinking of converting your present heating system, check into electric heat. You'll find that it's the most modern, convenient type of home heat today. And it's clean.

For more information about electric heating, call our nearest office.

Commonwealth Edison Company

Millburn Manor Preserves The Best Of The Past

When you step through the door of Millburn Manor, you travel back 100 years in time—except that you keep all the modern conveniences, cleverly concealed in furnishings of the Victorian era.

Millburn Manor, located on Millburn Road, was built 100 years ago by Robert Strang, a Scotchman who came to Millburn and took up 500 acres of land grant from the government. First he built log cabins, then the permanent home which still stands.

The Strangs had seven children, two of whom died. Victor Strang, a grandson of the original owner, inherited the home and farm buildings with 125 acres of land. When house repairs became too costly, he moved to Waukegan and the house stood vacant for several years, finally acquiring the appellation of "the old haunted house in Millburn."

Phil Anderson bought the home and farm buildings with 25 acres of land some years ago and completely restored it to its original Victorian decor, with the addition of modern heating, plumbing and lighting.

Anderson searched far and wide for furnishings for the home. It is now a treasure house of rare and beautiful antiques.

The huge barn he converted into an antique shop. The house is open for tours

at a small charge, conducted by either Anderson or his housekeeper, from 10 a.m. to 5 p.m. seven days a week.

In the front entrance hall is a chandelier of cranberry glass with a milk glass overlay. Anderson found it in Sheboygan, Wis. A table in the hall has a top of Italian gold marble.

To the left of the entrance hall is the formal living room, beautifully furnished in pieces of that era. A few of the outstanding pieces in this room are a solid rosewood melodeon made in 1843; a Dresden oil lamp; A Gone With the Wind lamp, with reverse painting on the inside of the globe; a royal Vienna porcelain cremation urn of the year 1740. A picture on the urn was of the person whose ashes reposed inside.

In the downstairs bedroom is a solid walnut bed with a high headboard, ornately carved with cupid-like figures and flowers. The bed and matching dresser were displayed at the Columbian Exposition. Anderson bought them from the granddaughter of the man who made them.

The dining room features several choice pieces. A desk of inlaid wood is a replica of King Ludwig's castle, and came from the World's Fair. Cunningly contrived to fit into the castle front are concealed drawers and pigeon holes.

Several china cabinets, collector's items themselves, are filled with beautiful old glass and china. One cabinet is filled with a collection of signed Tiffany glass.

In the old-fashioned kitchen, the only modern note is an electric stove. One wall is covered with cabinets of inlaid wood, another acquisition from the World's Fair.

The upstairs bedrooms reached by an open curving staircase, have been converted into bedroom-living room-kitchen apartments for the housekeeper and man-of-all-work. In one kitchen, an electric stove is a copy of a black, wood-burning kitchen range of former days. The oven control is set in an old coffee grinder.

All the rooms upstairs keep to the Victorian decor. The bathrooms have modern appointments, but are not obtrusively modern in appearance.

The woodwork and stair railings throughout the house are walnut, which Mr. Anderson re-finished himself.

Atop the house, reached by 26 narrow steps, is the widow's walk, a small, many-windowed room which gives a magnificent view of the countryside. From this vantage point the original builders could look out over their whole 500 acres.

Mr. Anderson held an Open House May 28 and 29, with 500 guests viewing the house. Twelve of his friends, dressed in gowns of the gay nineties, helped him to host the crowd. Mrs. L. H. Messersmith poured at the tea table, and the Mylo Club girls from the Millburn Congregational Church served refreshments.

You need not be an expert on antiques to enjoy touring the beautiful old home. Throughout the house are chandeliers, vases, lamps of a beauty that can be appreciated by anyone. Phil Anderson lives in and enjoys daily these beautiful bits of the past he has collected, and shares them with anyone who wishes to come and look.

This summer is going to be the busiest that PM&L theatre members have ever experienced according to president Ken Smouse who is also the director of *Oliver!*, the first musical of the summer season.

Initial rehearsals of both *Oliver!* and *Take Me Along*, which will be directed by Steve Krotz, have been held and now after graduations are over and college students have returned, the real hard work begins to have two

Teacher Treats Kids To Party

Mrs. Margaret (Frank) ReCupido, who teaches fourth grade at the Hooper School in Lake Villa, helped her pupils to celebrate the end of the school year by inviting them all to a barbecue picnic party at her home on Grass Lake Road.

About thirty youngsters gathered at the ReCupido home Sunday, June 11, to eat, fish and play games. Everyone received a prize.

shows ready for the Antioch area audiences.

Oliver! which is the musical version of Dickens' novel, *Oliver Twist*, will be presented, July 7, 8, 9, 14, 15, and 16. Starring as Oliver is Ricky Smouse, ten year old son of the director. In other leading roles are Al Ramsey of Duck Lake as Fagin, Betty Smouse from Antioch as Nancy, Bob Andersen from Kenosha as Bill Sikes, and Steve Smouse as the Artful Dodger.

Take Me Along, based on Eugene O'Neill's *Ah, Wilderness*, is also a musical comedy and will be presented on July 28, 29, 30, and August 4, 5, and 6. Since its setting is 1890ish, it is quite appropriate to be running during the Diamond Jubilee. The four leading roles are Sue Bushnell from Lake Villa as Lilly; Bob Thomley from Lindenhurst as Sid (made famous by Jackie Gleason on Broadway); Don Beveroth from Paddock Lake as Nat, and Fran Walpole from Antioch as Essie. Supporting leads are Carol Brandy from Mundelein as Muriel and Lloyd Pedersen from Antioch as Richard.

P.M.&L. is also busy planning a pageant for the Diamond Jubilee. Dr. Al Bucar heads this committee with Gloria Davis and Ken Smouse assisting him.

The PM&L members have widened their scope by joining the Wisconsin Idea Theatre which held its annual conference in Kenosha this past weekend. This organization takes in community theatre groups from the entire state of Wisconsin as well as northern Illinois.

Mr. and Mrs. Josef Hunley, Mr. and Mrs. Kenneth Smouse, Mrs. Garnet Odds, Don Beveroth, Steve Krotz, Miss Diane Bush, Miss Carol Brandy, Miss Sally Bullen and Jay Horton attended all or parts of the three day conference which included a musical review, workshops, one act plays, critiques of the one act plays by the famous Walter Abel, a banquet Saturday evening, and a brunch on Sunday at which the Lunt-Fontaine award was presented to the community theatre who had given the winning one act play.

"Many new ideas were gained at this conference and the exchange of problems common to all community theatres was beneficial to all," commented Joe Hunley, vice president of PM&L and often time director. "It is quite possible that next year PM&L will be able to prepare and present a one act play at this conference."

"Serving the Lakes Region Since 1894"

This desk, a replica of King Ludwig's castle, was displayed at the World's Fair. Now it's one of the furnishings at Millburn Manor.

This large bell stands near the rear entrance to Millburn Manor. The bell once summoned pupils to school at one of the first brick schoolhouses built in Northern Wisconsin, in Tomahawk County. Phil Anderson, owner of Millburn Manor, stands beside one of his many treasures of the past.

Millburn Manor, 100 years old, has been completely restored by Phil Anderson and furnished in Victorian decor. It is now a showplace for lovers of antiques.

State Bank, Wilton's Lead Golf League

The State Bank of Antioch team and Wilton's T.V. are leading in the standings of the Spring Valley Golf League.

The handicap league plays every Thursday night at the Spring Valley Golf Course. Four man teams are matched each week, with two men from each team making up a foursome. In the foursome, individual players on each team are matched against each other, plus scoring for the two-man team.

Scoring is on a point system—one point to low man in each two-man match, and one point for low total of the two-man team.

Nine holes are played by each team every Thursday night, playing the front nine one week and the back nine the next week.

The league season ends in August. Trophies are presented to the first three teams, and also to individual

golfers at a banquet, usually held in September or October.

Rifles Sign 5 Players

The Lake County Rifles professional football team, defending champions of the Central States League, have announced the signing of five of their star performers.

General Manager Bob Amann has stated that Lew Flinn, Angelo Dabiero, Bill Bodle, Lee Wahlgren and Bob Cook have inked pacts for the '67 season. The former Northern Illinois University star was credited with 27 touchdowns passes last year. Dabiero, the former Notre Dame All-American, was Flinn's favorite target. Dabiero led the Rifles in pass reception and yardage. Bodle, an ex-Pittsburgh Panther was the leading ground gained in the Central States League last year. The 205 lb. fullback is expected to bolster the Rifles' hopes of repeating as champions in 1967.

The two former Rifle captains, Bob Cook, linebacker,

Speedway Rained Out

Afternoon thundershowers on both Saturday and Sunday forced promoter Gordon Sill to cancel the racing events scheduled. For the Waukegan Speedway it meant the third straight rainout for the seventh for the season. In 1966 Waukegan was only rained out seven times in the entire season.

When the races have been

of Eastern Illinois U. and Lee Wahlgren, center, of Bradley U. were both named All-League honorable mention in '66.

The Rifles will open their season at home against the Dayton Colts on August 12. Players will report to camp on July 6 for the start of practice sessions. General Manager Bob Amann expects over 95% of last year's championship team back as well as some 40 rookie candidates seeking berths on the Lake County eleven. The Rifles play all the home games on Saturday evenings in Waukegan's Weiss Field.

going, the competition has been exceptionally keen. This Wednesday night will mark the second attempt to start late model and hobby stock racing on Wednesday night. A large turnout of entrants is expected as the rains have curtailed the past two late model evenings of racing.

On Saturday night, June 17, the June Championship events for the late models will be contested. Double points will be awarded for all events that night and there will be a 50-lap feature. There will be no increase in the admission prices for this special event.

The modifieds will return next Sunday night with a full card of events scheduled, topped with a 30 lap feature.

Joie Chitwood and his Legion of World's Greatest Daredevils will be appearing at the Waukegan Speedway on Wednesday, June 21, featuring 27 thrilling acts. 1967 Chevrolets, Corvettes and Camaros will participate in the two hour show.

The exact direction of human progress is not yet clear, but at least it is evident that we are traveling in ever widening circles.

Potter Pleases Kids At Speed Center Races

Claude Potter of Genoa City, wowed the kids and his competition at Lake Geneva Speed Center last Thursday. In the first annual Kids' Night and won the 30-lap feature race for modified stocks. The race attendance was free for all kids under 12 who also got a free race car as they came in celebrating another end to a school term.

Potter took the lead away from Bill Kline who grabbed it at the start and once in front he was not seriously challenged. Ray Dobbs gave him some competition as they caught and started lapping the slower cars but after that Potter finished by himself. Dobbs had second place all sewed up but had mechanical problems that forced him out turning second spot over to Rodger Otto.

Duane Harris was third and he made an early drive forward after starting in 16th in the 18 car field. Fourth was Bill Bohn from Kenosha who had set fast time but had his engine go sour on the feature race and he finished with only 6 of his 8 cylinders doing any work. Jr. Dodd of Waukegan was fifth for his best finish of the season in the A-4 Team modifieds.

Ten lap heats were won by Russ Sorenson of Racine, Tom Anderson of Antioch, Larry Leach of Elkhorn and Rodger Otto of Burlington. Otto averaged 59.25 MPH in winning his heat, a real thriller over Dean Krauze and Jr. Dodd. Jim Sullivan and Duane Harris were running second and third in this one but Sullivan slammed the fourth turn wall while running in front of Harris, putting both of them out of the finish.

Sorenson also won the semi-feature race over Rodger Jacobson and Tom Shaw. Bob Ropper of Chicago, making his first Speed Center start in late model competition won the feature in that division.

SATURDAY NIGHT RACES RAINED OUT

For the second time this season, rain forced cancellation of a Saturday night stock car racing program at the Lake Geneva Speed Center. This time the weatherman was more positive as to his intent as he dumped three inches of rain in the area.

In addition to the racing, also put off was a contest between Illinois and Wisconsin fans at the Speed Center to determine which group could crowd the most fans into a Ford automobile. This contest will now be moved to Saturday night, June 24 and coupled with a similar contest among the fans to see which group can drive the oldest automobile to the Speed Center.

Other special events in June involving the drivers will be a 50-lap June Championship Race on Saturday, June 24. In July, the Speed Center will present the famed King Kovza 1967 Dodge Auto Thrill Show plus a Firecracker Forty Modified stock car race. This will be on Monday, July 3 and include a large display of fireworks.

Point leaders in the modi-

fied division at the Speed Center are Rodger Otto of Burlington, who was voted the most popular Driver at the Speed Center in 1966 and who finished in second spot behind Champion Duane Whitey Harris of Lake Villa. Harris is second in points and Bill Bohn of Kenosha is third. A youthful rookie driver, Rick Schuyler of Jefferson, leads in the late model division.

Racing will resume this Thursday and Saturday nights at the track.

Rain Cancels Some K.C. Softball Games

The games scheduled for play last Wednesday in the K. C. Softball league at Ingleside were cancelled because of rain.

Three games were played Friday night, June 9th. The Antioch News dropped the first one to Mouldy's 6 to 12. Lou Lynn was the winning pitcher, Bernie Clappert the losing pitcher.

Casey's Tap swamped the Knights of Columbus in the second game in a five-inning game that ended 22 to 7. Frank Heiselman was the winning pitcher, Paul Ferrigan the losing pitcher. Home runs were hit by Chuck Schuth, Dick Wolf and Mike Cilk for Casey's.

Tom's Groceries won over Homan's Sporting goods, 23 to 18. Jim Hall was the winning pitcher, Bob Hamm the losing pitcher. Don Gerret-

sen relieved Hamm on the pitcher's mound.

Home runs were the order of the day in this game.

For Tom's Groceries, Jeff Smith blasted a homer with two men on; Ron Pottman knocked the ball out of the park twice, and Randy Busone and Ken Poy each marked up a homer.

Homan's did almost as well, with Skip Rohe belting one with two men on base and Don Gerstein and Dennis Hurley each adding a homer to the score.

"Thobbing"

Henshaw Ward, author, has coined a new word—"thobbing", compounded of "thinking", "opinion" and "believing", meaning wishful thinking. Don't be a "thober"—be a doe.

CONSERVATION LAWYEN MEET

The 23rd Annual Convention of the Association of Midwest Fish and Game Law Enforcement Officers was held at the Conrad Hilton Hotel in Chicago June 7-10, according to Martin E. Joyce, chief of law enforcement for Illinois Department of Conservation and president of the association.

More than 200 Game and Fish Law enforcement officers from 10 Midwest states and three provinces in Eastern Canada attended the convention.

Principal speakers during the four-day conference included William T. Lodge, director of the Department of Conservation; Edward V. Hanrahan, U. S. attorney, Northern District of Illinois; Charles F. Lawrence, Bureau of Sport Fisheries and Wildlife, Washington, D. C.; and Clarence W. Klassen, technical secretary, Illinois Sanitary Water Board.

Christine Czajka of Franklin Park was Miss Safe Boating of 1966. She'll relinquish her title to another pretty Miss at Fox River Grove July 1.

Program To Celebrate Safe Boating Week

National Safe Boating Week will be celebrated with a program at the Grove Marina in Fox River Grove, Ill., on Saturday, July 1. The program will be sponsored by the U. S. Coast Guard Auxiliary.

Highlights of the show will be the crowning of Miss Safe Boating of Illinois, courtesy motorboat examinations by qualified Coast Guard Auxiliary personnel; a water ski show, and a decorative boat regatta.

The affair will be held from 9 a.m. to 4 p.m. Participating organizations will include the American Red Cross; U. S. Coast Guard Auxiliary; United States Power Squadron; Triton Scuba Club; Tri-County Five Waters, a citizen's band radio club and the Outboard Boating Club of America.

Displays will include legal and safety boating equipment needed on all boats; demonstrations and techniques of First Aid; basic seamanship and boating education; Scuba equipment and instructions; Citizens' band radio equipment and operation; the aqua-ambulance, and the new National Inland Waterway marker symbol system.

Several American Power Boat Association racing boats will be on display plus a variety of new pleasure boats.

An outstanding Water Ski show will be presented by the Sandbar Ski Club in front of the Grove marina at 1:30 p.m.

Any single girl between 18 and 27 who is a resident of Illinois may enter the contest for Miss Safe Boating by sending a post card with her name and address to Craig W. Robertson, 4515 N. Harding Ave., Chicago, Ill. 60625 for an entry blank. Miss Safe Boating will be crowned following the Water Show. She will receive \$400 cash and a Sea Chest of nautical gifts. There will also be cash prizes for runners-up.

Three trophies will be awarded to the best decorated boats in the Boat Regatta. Boat owners who would like to participate may obtain information by writing to Craig Robertson.

TEAL SEASON DATES

Dates for the 1967 teal hunting season are September 16 to September 24, inclusive, the Illinois Department of Conservation has announced.

The daily bag limit is four teal and the possession limit is eight. Hunting hours are from sunrise until 5 p.m. Central Standard Time or 6 p.m. Daylight Saving Time.

Federal regulations require that anyone wishing to hunt teal during the special season obtain a free federal

30 Years With Same Co.

by of Pavel's. He has lived in Lake Villa 21 years and is a member of its fire department, as well as Masonic Lodge No. 127 in Millburn, and Medinah Temple in Chicago. He and his wife, Pam, have been married 27 years and have four daughters, Leanne, Barbara, Mrs. Charles Hucker and Mrs. Terry De-war.

CHAMPIONSHIP RODEO AT FAIR

The National Championship Rodeo, featuring cowboy bareback, wild horse riding, Brahma calf roping, longhorn steer wrestling, cowgirl barrel racing, saddle bronc riding and Brahma bull riding, will be presented in six performances at a special corral at the 1967 Illinois State Fair. There will be day and evening performances on Friday, Saturday and Sunday, Aug. 11, 12 and 13.

Brought to the State Fair for the first time last year, the RCA Rodeo drew more than 20,000 spectators to its four performances.

The 10-day State Fair will open on Friday, Aug. 11.

permit from the Illinois Department of Conservation, Room 100, State Office Building, Springfield. Hunters must have a valid 1967 Illinois hunting license and if they are 16 years old or older, a 1967 Federal Waterfowl hunting stamp. No applications for teal permit will be accepted after August 15.

Amstutz Answers Murphy.....

(continued from page 2)

The figures are based not only on our own experience but those published by one of the largest diesel equipment manufacturers in the United States. The figures furnished by this corporation indicate a rate of six miles per gallon to a maximum of twenty miles per gallon for diesel operated equipment. The lowest rate covers tractor trailer combinations carrying maximum loads such as gravel, steel, and petroleum products. The average tractor van combination that we meet on the highways carrying miscellaneous items, according to the diesel manufacturers, averages twelve miles per gallon. This is about the same rate as the average car equipped with various power equipment but does not include compact cars.

It has further been alleged that Lake County has been discriminated against by the Division of Highways and that other areas of the state are receiving more highway funds. This is a completely false assumption and there is no truth whatsoever in such an allegation. Due to the courageous action of our County Board, the county has very materially assisted the State of Illinois. During the past seven or eight years in the improvement of state roads, I will mention just a few: the grade separation complex on U. S. 41 at Highland Park; the widening and improvement of U. S. 12 together with a grade separation south of Fox Lake; the widening of Grand Avenue (Route 132) from Waukegan to the Toll Road; the widening of Route 21 from Libertyville south to Half Day and the widening of Green Bay Road along the west perimeter of the Cities of Waukegan and North Chicago. In view of this assistance, the State of Illinois channeled into the County of Lake Federal Aid funds greatly in excess of the normal allotments. The county, during the past few years, has received more state funds proportionately than any other county in the state including Cook.

Too many people confuse the large construction projects on the Interstate System with normal highway construction. The Interstate System is financed 90% by the Federal Government and 10% by the state. The only

interstate road in Lake County is the Toll Road.

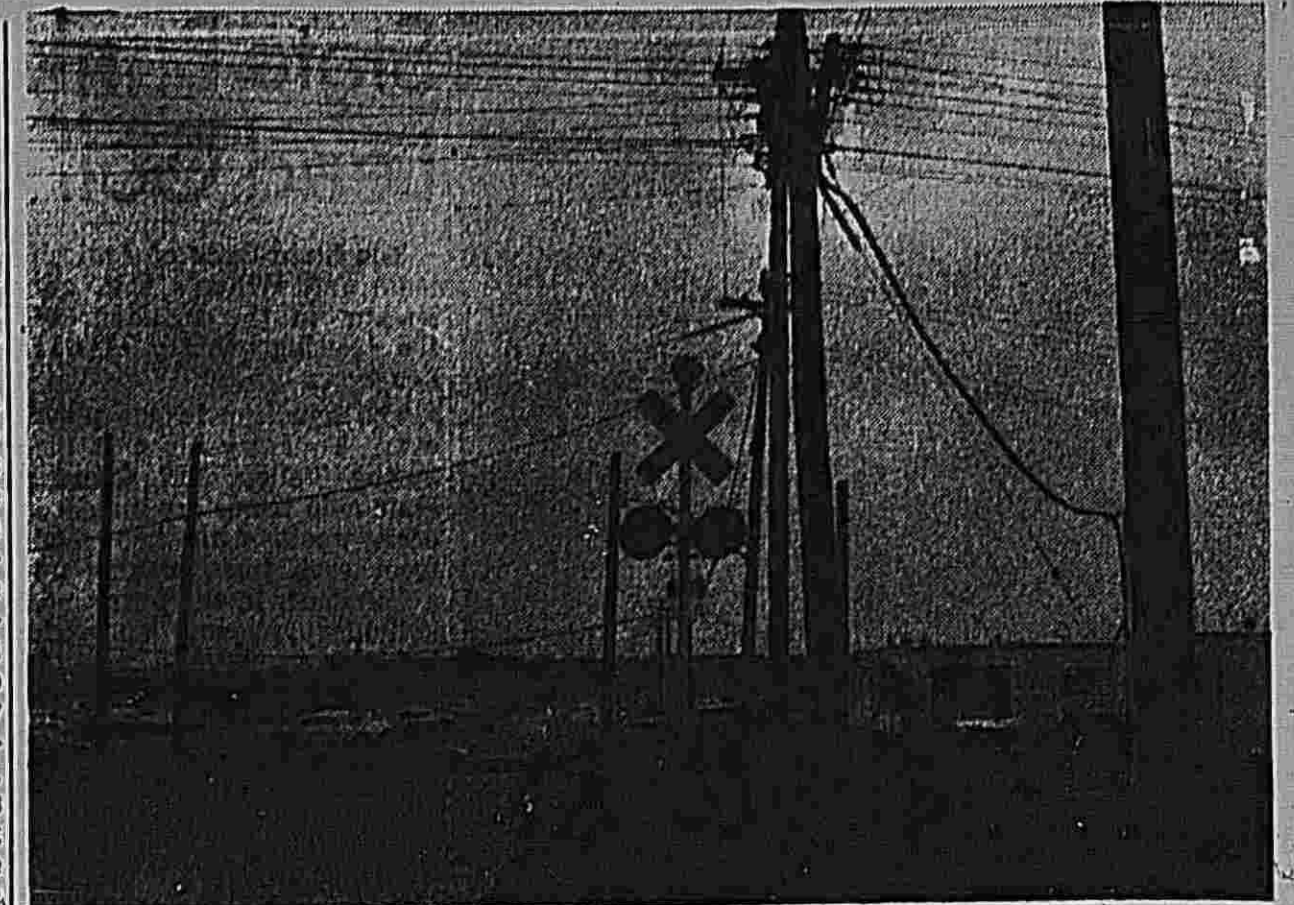

We had hoped that the Legislature would take positive action in making additional funds available for highway construction. It now appears that any increase will be of a very modest nature and the funds from such increases will have little appreciable effect in correcting the situation facing us in Lake County. We have many miles of hopelessly outmoded roads that are actually dangerous to drive on. The Lake County accident rate on the highways is becoming alarming. The present toll per week is as follows: two deaths, six hopelessly crippled for life and forty others involved in accidents. This slaughter and crippling of people will continue until adequate funds are made available to bring our highways up to a safe condition.

The rate of increase in traffic is approximately 5% per year. Automobile registration has been doubling every ten years. We presently have over 100,000 motor vehicles in Lake County. Ten years from now we will have in excess of 300,000. Insurance rates are rapidly increasing. We are probably paying more in insurance rates than we would have paid in motor fuel taxes had they been increased ten years ago when many states were taking responsive action.

I am very much concerned regarding the safety of our citizens as they drive our highways as well as in the safety of my friends and loved ones. There is no possible way of constructing safe and adequate highway facilities with present revenues.

Many of the Lake County representatives have been doing everything they can to make adequate funds available. I am confident that when Representative Murphy is aware of the actual situation that he will become equally interested.

Very truly yours,
Melvin E. Amstutz
County Supt. of Highways

Dog Show At County Fairgrounds

Canine enthusiasts of all ages are looking forward to Sunday, June 18, when the 17th annual Chain O' Lakes Kennel Club All Breed dog show will be held at the Lake County Fair grounds in Grayslake.

McCarthy and Champion Toy-Manchesters

The show gives everyone the opportunity to see over 1400 pure breeds compete for top American Kennel Club approved awards in their classes and groups. Young dog enthusiasts also have the opportunity of competing for Junior Showmanship awards. Sporting enthusiasts, too, can enjoy the Afghan Hound and Whippet races held at the show.

Conformation judging starts at 9 a.m. and continues throughout the day. The show is open to all, with tickets available at the gate of the Lake County Fairgrounds, reached via routes 45 or 120.

NI-Gas Directors Declare Dividend

The board of directors of Northern Illinois Gas Company on June 6 declared a dividend of 38 cents a share on the common stock, payable August 1 to stockholders of record June 22. This dividend continues the \$1.52 annual rate established with the May 1, 1967 payment.

In other action, the directors declared the regular dividends of \$1.25 a share on the company's 5 percent preferred and 5 percent convertible preferred stocks; of \$1.15 on its 4.60 percent preferred stock, also payable August 1 to stockholders of record June 22.

Johnsons Still Lead In New Phone Books

On February 21, 1878, the New Haven, Conn., Telephone Company issued the world's first telephone directory. It listed 50 subscribers.

Its indirect descendant, recently delivered to residents in the Antioch area, bears little resemblance to that Victorian granddaddy of all telephone books.

Illinois Bell Manager Jerry Babb says the 1967 telephone book lists some 16,700 customers in the local white pages at the front of the book and 66,000 in the regional section at the back. Between the two alphabetical listings is a section of Yellow Pages containing addresses and telephone numbers of businesses in this area that are offering their products and services.

Said Manager Babb, "This new telephone directory, though a far cry from that first New Haven directory, still is designed to meet the needs of customers who most frequently phone nearby homes and businesses. The front local section enables callers to look up these numbers without thumbing through hundreds of pages."

"The regional white pages at the back contain listings for a much larger area. As calling rates are reduced, many customers are calling distant suburbs more often."

"And since so many long distance calls are now being dialed directly," Babb said, "customers may want to order telephone books for other towns in the United States. Virtually every directory published in the United States is available on request from the telephone company business office."

"Books from overseas also are available at a small cost," said Babb, "and may soon

prove quite useful. As a matter of fact, in March some 80 business telephone subscribers in New York, all heavy users of overseas telephone service, began dialing their own calls direct to Paris and London. Though this service is only in the experimental stage right now, we are sure that Direct Distance Dialing anywhere in the world will one day be possible."

"Here again, the reduction of telephone rates, along with improved service, has boosted the popularity of overseas calling. When the first commercial overseas call was placed by Mayor Jimmy Walker to the Lord Mayor of London in 1927, Mayor Walker received a bill for \$75. Today it is possible to call London for as little as \$5.70."

Last year, more than 10 million overseas telephone calls were placed. By 1980, American Telephone and Telegraph Company estimates, the annual figure will top 70 million.

If telephone customers here want a Tokyo phone book for instance (it comes in two volumes) they can get it for \$7 by placing an order at the local business office.

Manager Babb advises customers of some drawbacks to building a library of foreign phone books. It seems one Illinois Bell customer was greatly disappointed to find the Osaka, Japan, directory he had ordered was printed in Japanese instead of English.

The phone directory for Israel, on the other hand, is printed in English translation as well as in Hebrew. Only one book of 704 pages lists all telephone subscribers in the country. In Chicago's suburban area alone by contrast, there are 57 different directories.

Phone book enthusiasts may be interested to know there is not a single Murphy with a telephone in all of Israel. However, there are 860 Murphys listed in the Dublin book—and 15 Cohens.

Johnson is the most common name in this year's directory. There are almost 2 pages of them, or about 600 listings. But Stockholm, Sweden, still takes the Johnson award. Taking some liberties with the spelling, from "Johaneson" to "Jonsson", Stockholm has 66 pages of telephoning Johnsons, almost 14,000.

When you're through counting the Smiths and Jones', Manager Babb hopes you'll take a look at the introductory pages to this year's directory. They contain about 250 facts—helpful information covering just about every calling situation to guide telephone users in dialing local, long distance, service and emergency calls.

The preliminary yellow pages provide such references as community maps, local zip codes and other useful civic information.

Said Babb, "We have tried to make this year's directory a useful reference source for both resident and business customers." Approximately 35,000 books were distributed.

**\$2½
million
rate
reduction
for
gas heat
customers.**

This—the seventh major reduction since 1962—went into effect on May 1. Thanks to these reductions, the average residential space heating customer will pay approximately \$25 less next winter than he did five years ago under normal weather conditions. Isn't it time you switched to gas heat? In so many ways, it makes sense.

And it also makes sense: when you heat with gas—why not cool with gas? Ask your contractor about adding gas air conditioning, too. (We'll finance both.)

Legal Notice

State of Illinois
County of Lake

Office of Treasurer
Antioch, Illinois

The following is a statement by Martha H. Hunter in the County and State aforesaid, of the amount of public funds received and disbursed by her during the fiscal year ending on the 30th day of April A. D., 1967, showing the amount of public funds on hand at the commencement of said fiscal year; the amount of public funds received, and from what sources received; the amount of public funds expended, and for what purposes expended, during said fiscal year ending aforesaid.

The said Martha H. Hunter, being duly sworn, doth depose and say, that the following statement by her subscribed is a correct statement of the amount of public funds on hand at the commencement of the fiscal year above stated, the amount of public funds received, and the sources from which received, and the amount expended, and the purposes for which expended, as set forth in said statement.

Subscribed and Sworn to before me, this 6th Day of June, 1967.

Richard J. Daniel,
Notary Public
(signed)

Martha H. Hunter

we care

say Dad...ever wonder how Mom got the money

Come Sunday morning, will you be one of the millions of fathers who are forever amazed?

Will you look at your new fishing reel or power tool or camera... and wonder:

"How did Mom get the money?"

You'll know she didn't rob a bank...and she didn't sell the car.

Maybe, just maybe, we can give you a hint.

Is Mom an A&P shopper?

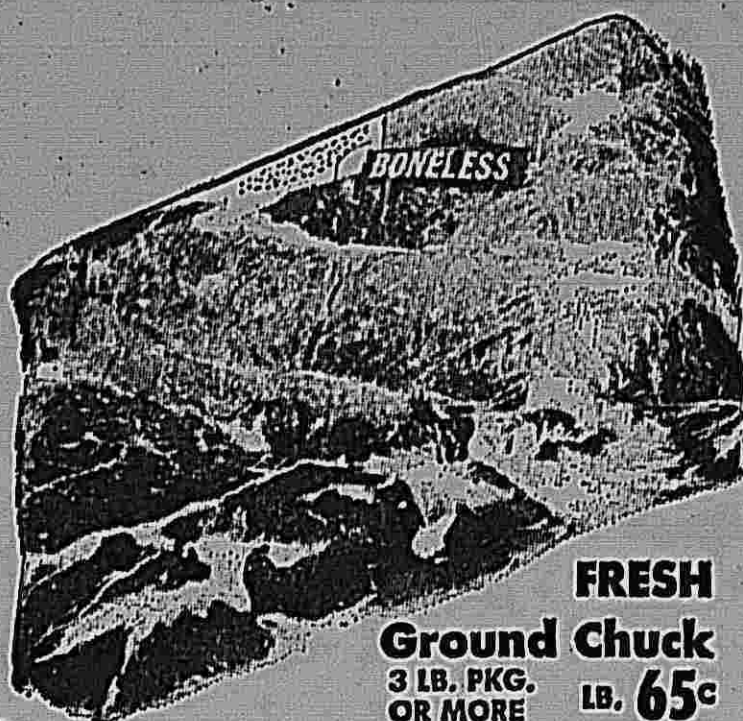

Could it be that the savings she makes each week of the year add up to so much?

Why not ask her?

Before you do though, better take a quick look in the garage to make sure the car's still there.
